Annexation Meeting Slated For Thursday

The city council of Daly City will hold a special meeting at 8 p. m. Thursday at city hall, 78 Wellington avenue, to discuss possible annexation of all the Bayshore City area not proposed to be annexed by Brisbane. This area includes a substantial amount of industrial land.

It is expected a resolution will be passed authorizing a petition for annexation by Bayshore residents. Bayshore City has about 3,000 residents with 1,130 registered voters.

Brisbane has begun annexation proceedings on the 10,000 acres east of the Bayshore Freeway. This industrial half of Bayshore City is owned chiefly by the Southern Pacific Railroad.

An informal petition signed by more than 1,100 persons asking annexation to Daly City was presented to the Daly City council January 7 by Bayshore City fire chief Harry Hitzmann.

Bayshore citizens had expressed a desire to be annexed to Daly City rather than to Brisbane.

The Daly City council last week started the ball rolling on annexation proceedings. Mayor Joseph Verducci ordered the city attorney, city engineer and finance director to present Daly City's case for annexation.

Thomas Bocci, attorney for the Bayshore City Citizens Association, succeeded in obtaining a restraining order against the City of Brisbane in its annexation proceedings. The injunction order was lifted, however, and Brisbane has gone ahead on its proceedings.

Bocci said that through legal proceedings he intends to question the validity of what Brisbane is doing toward annexation. "Through court proceedings, I intend to prove successfully that their annexation be invalidated," he said.

If that is accomplished, he said, then possibly some compromise can be worked out for additional annexation of areas of Bayshore to Daly City.

Apartment Plans In Pacifica, SSF

Plans for big apartment projects made news this week in Pacifica and in South San Francisco.

Pacifica planners approved a 64-unit apartment house project on Ocean boulevard. This will include seven apartment buildings, interior courts and swimming pools. The work will require removal of Coastside Bake Shop.

Also approved in Pacifica—a 50-acre apartment project on Terra Nova boulevard. This is the largest development launched in Pacifica so far of its kind by Ogsted Homes of Redwood City. The project is proposed to be constructed in stages and will require rebuilding or reopening Rosita road, recently diverted by a flood last October. City planner Mel Davis said the entire Terra Nova valles is to eventually house 4,000 people.

South San Francisco councilmen approved a five-million dollar apartment project to be built on the California Country Club property.

Club View Apartments, Inc., an organization headed by realtor Louis Poletti, will start construction on the first of 300 units within 90 days.

Commercial development, including a department store and a professional building is also included in the project. The development will necessitate realignment of the entrance to the country club.

The apartment will be of the luxury type and will be multi-storied. It will take two years to complete the project.

In Pacifica, planners put over until February 4 any action on a controversial proposal for 75 homes on the far west end of Rockaway Beach. Considerable opposition was given by present residents of Rockaway Beach who are worried about a tract development, whereas they live in individually built homes.

PLAQUE OF APPRECIATION—Evelyn Mosman, city clerk of Daly City, is presented with plaque of appreciation for her years of service to the city by Joseph Verducci, mayor of Daly City. Mrs. Mosman will retire February 1 and will be replaced by Mrs. Anna Ohlendorf, who is now deputy city clerk.

Ryan Introduces Bill For New DC-SSF Judge

Leo J. Ryan (D-South San Francisco) introduced his first bills in the legislature last week, A. B. 162, A. B. 163, and A. B. 164.

A. B. 162 would provide for two judges of the municipal court of Daly City and South San Francisco, rather than one; A. B. 163 would provide for nine, rather than seven, judges of the Superior Court in San Mateo County; and A. B. 164 would establish a new state college in San Mateo County.

Friends Honor Evelyn Mosman

A good time was had by some 170 guests last Thursday at Oreno's, 1 Lakeshore Plaza, San Francisco, at a testimonial dinner in honor of Mrs. Evelyn Mosman, Daly City clerk, who is retiring on February 1.

Mrs. Mosman received a framed resolution of commendation in scroll form, a television set and a check from the Chamber of Commerce.

Principal speaker was Frank Blum, judge of the San Mateo County Superior Court. Paul Hupf, city attorney, was master of ceremonies.

Mrs. Mosman began as deputy city clerk of Daly City in 1944. She has held the office of city clerk since 1956. Mrs. Mosman will be replaced by Mrs. Anna Ohlendorf, who is now serving as deputy city clerk. Mrs. Mosman's term would not have expired until April, 1964.

Annexation Advantages

DC Shows Bayshore What It Can Offer

Attorney Tom Bocci and Daly City finance director Joseph Arch did their best Tuesday night to show Bayshore residents the advantages of annexing to Daly City. And the residents seemed to favor the move.

At a public meeting of the Bayshore Citizens Committee, Bocci, their attorney in the committee's protest against Brisbane's proposed annexation of Bayshore industrial lands, commented that "a lot of progress has been made."

He said he had contacted large Bayshore property owners and had found them "receptive to our behalf."

Bocci cited the legal steps to be taken for annexation which would include filing a description of the land to be annexed with the county boundary commission, a vote of Bayshore residents and circulation of a petition.

Daly City Benefits

Finance Director Arch said that Bayshore City, a community of some 3,000 with an assessed valuation of more than 4½ million dollars, would receive Daly City services of police protection, continued fire protection, street maintenance, planning services and the fact of becoming part of a community of 52,000 persons.

Bayshore City, he added, would also become part of the Daly City capital improvement program.

And all this would cost Bayshore residents an additional $8 to $22 per year in taxes yearly from what they pay at present.

Arch commented on the following questions:

"How is the status of Daly City's public transportation?"

"Not very good. Daly City has a jitney service governed by the public utilities commission of San Francisco."

L. Smith of 317 Geneva avenue: "Do we lost our highway patrol when there is a big crowd at the Cow Palace?" Arch: "No. Instead, you will gain the addition of Daly City police services."

Henry Schindel of Bayshore City took an opposite stand. He said Bayshore residents should take stock of the industrial land they have and incorporate. L. Stewart of Bayshore City (a former Daly City resident) said that "I don't see anything that Brisbane has to offer that Daly City doesn't have better."

Bocci added that with the industrial land addition to Daly City, the Daly City tax rate could certainly be cut much lower.

Surprise Move

School Brds. To Make Unification Report

By Garry Niver

The much-hassled over school district unification project has landed into the hands of the local school boards.

The San Mateo County Committee on School District Organization, which was formed to study the North County area, establish criteria, and then come up with a configuration, did so—but not to the exact liking on the five local boards.

In a surprise move last Wednesday night at the fourth meeting between the County Board and the augmented section—composed of Jefferson Elementary, Jefferson High, Brisbane, Bayshore and Laguna Salada districts, the ball was thrown into the hands of the locals and the committee's plan laid aside.

J. Paul Bradley, a resident of El Granada and chairman of the board said that, " The decision to adopt or reject, for master planning purposes, the proposal to form one unified district of the area in the Jefferson Union High School District be deferred for 90 days to provide time for study by the local boards and interested citizens."

He then asked that a tentative report on the progress being taken by the local boards be given in 60 days.

The move caught the local boards by surprise and was met with open enthusiasm for the most part.

"We are all in accord and I think that this is just what we are looking for," said Jeff Elementary trustee Joe Lewkowitz.

Elio Fontana, member of the Jefferson High School board, said "The board should be commended on their suggestion — it was very liberal and considerate."

The one tinge of dissention came from Bayshore board member David Barry, Sr., who charged that the county board was "dragging its feet and was proceeding in a lackadaisical manner."

Barry proposed that the meetings be put off for six months until the State Legislature has had a chance to

South San Francisco Man Takes Own Life

A retired Navy man and a postal letter carrier, Robert Newton McPheeters, 40, of 663 Newman drive, South San Francisco, took his own life last Thursday at his home, police reported.

He was found by his wife, Frances Reta McPheeters, hanging by a rope from a basement pipe and dripping blood from slashed wrists.

He left a four-page note telling of family and financial troubles. Besides his wife, he is survived by a teenage daughter, Bobby.

Nab Society Burglar in Pacifica Hills

A dapper 45-year-old jailbird was arrested in Pacifica last Saturday as a suspect of looting homes of San Francisco society leaders.

San Francisco and Pacifica officers found in his rented ranch style home in the Valleymar district of Pacifica, furs, jewelry and other valuables taken from Pacific Heights and Sea Cliff mansions estimated at between $150,000 and $200,000 in value.

The suspect, Richard W. Lewis, was nabbed while trying to flee his home. Lewis, a one-time swami, slipped out a back window while officers were knocking on the front door and made off into the hills above Vallemar subdivision. A chase ensued and a resident of the area, armed

"Brisbane On Very Thin Ice" Says Bocci

"Brisbane is on very thin ice," attorney Tom Bocci told members of the Daly City-Colma Chamber of Commerce at their regular noon meeting on Thursday.

Bocci was referring to the proposed annexation of industrial lands at Bayshore City by Brisbane "which will proceed subject to court action."

In analyzing the conflict which has developed between Brisbane, which seeks to annex only industrial lands east of Old Bayshore Highway, and the Bayshore residents who want to annex the entire area to Daly City, Bocci questioned the background of Brisbane's incorporation.

This area has laid dormant for years and has opposed incorporation, he pointed out. But in 1959 it suddenly acted to incorporate.

"Southern Pacific masterminded the proceedings by Brisbane in my mind," Bocci charged, referring to both incorporation and the present proposed annexation.

"Southern Pacific saw a protection to themselves in having Brisbane incorporate," he continued, and "Southern Pacific indicated that it would permit their yards to be annexed to Brisbane."

Besides the loss of industrial lands, without which Bayshore cannot sustain itself, Bayshore and Brisbane have a history of conflict, Bocci charged. For these reasons, Bayshore is looking to annexation to Daly City.

Bocci predicted that litigation of two to three years may be necessary before the annexation problems of Bayshore are settled. "Brisbane has priority under the law, provided that what they do is valid. If they make any mistakes, the whole proceeding is invalid."

Earlier in the meeting, Ed Frank, Daly City manager, reviewed procedures for annexation. Under the "uninhabited law," which is an area with less than 12 registered voters, annexation can be prevented if 51% of the property owners object. Inhabited areas require a vote of the residents of the proposed annexation with a majority vote where 300 or more ballots are cast, or two-thirds vote in favor where less than 300 ballots are cast to carry annexation. In both cases, the annexing city council must approve the petition to annex.

In case annexation is rejected, a year must pass before proceedings may start again with the same city.

Chief Herb Ritzman of the Bayshore Fire District pointed out that even if Brisbane's annexation was successful, there is a large amount of industrial land in Bayshore, and indicated that Bayshore's residents still wanted the rest of the community annexed to Daly City.

Westview Gets A Clean-Up

The clean-up program in the Westview area of Pacifica is successful, city manager Earl A. Baldwin reported to the Pacifica city council.

Baldwin reported that, in addition to a concentrated inspection of substandard homes, the city has planted some 150 ornamental trees on tract streets and has kept a police officer on foot patrol for 45 days to cut down vandalism and dumping.

The program was undertaken by the building inspection, health, fire and public works departments after area residents complained of an outbreak of vandalism, heavy dumping of debris and failure of some owners to maintain their residences were almost creating a near-slum area.

Daly City Gets $18,130 In Motor Vehicle Fees

San Mateo County received $137,886 and its cities received $159,866 in the most recent apportionment of revenues from the state motor vehicle license fees, State Controller Alan Cranston reported last week.

This included $18,130 for Daly City, he said.

The apportionment represented revenue from fees collected from June 1 to Nov. 30, 1962. It is the first and smallest of three apportionments to be made during the 1962-63 fiscal year. Larger apportionments will be made in April and June.

Total apportionment for the state this time was $9,753,538, out of a total of $12,686,358 in fees collected.

The license fees are collected in lieu of a local property tax so all but a portion goes back to local government. The difference of $2,932,800, between the apportionment and the collections, goes to cover interest charges on highway bonds and for the support of the motor vehicles' license fee division.

The fees are allocated locally on a population formula which, in this instance, allowed slightly more than 40 cents per capita for cities and just over 31 cents per capita for counties.

Mothers To March In Daly City Tuesday

Next Tuesday night, 450 dedicated women will march in Daly City in the fight against crippling diseases, tragic birth defects, crippling arthritis, and polio.

Porch lights will go on from 7 to 8 p.m. and marching mothers will ring your door bell. Money raised by the Mothers' March of Dimes gives needed medical care to children suffering the disabling effects of birth defects, arthritis and polio.

Over $6,000 was raised last year in the Mothers' March. Chairman Mrs. M. E. Bloom said: "We don't want to set a limit . . . but we expect to get at least a dime from every home."

Marchers will cover every block in the entire city. The average assignment of homes per worker is 20. District captains will supervise an average of 10 mothers.

The National Foundation has a proud record of achievement in polio prevention, in patient care and training of medical manpower. The March of Dimes financed research for the development of the Salk and Sabin vaccines. Each year the March of Dimes grants 500 annual four-year scholarships amounting to $2,000 each.

The Foundation believes sincerely that what the dimes and dollars of the American people have done in the past is only a prelude to greater victories in the attacks against birth defects and arthritis. Today their causes are unknown and there are no preventives.

Requiem High Mass was sung Saturday at St. James Catholic Church in San Francisco for Mrs. Bernadette Jones Marchbanks, 63, of Hillsborough, widow of John William Marchbanks, millionnaire and former owner of the Daly City Record and Westlake Times and the Tanforan race track.

Mrs. Marchbanks died last Thursday at Notre Dame Hospital. She had been a Tanforan business associate of Marchbanks for many years prior to their marriage in 1947. They were married only seven months when her husband suffered a fatal stroke.

Mrs. Marchbanks was a member of Society of California Pioneers and Minerva Parlor, No. 2, Native Daughters of the Golden West. Until last year, she owned the Daly City Record and the Westlake Times.

Free Organ Concert at Angelo's

Nationally known organist, Jack Malmsten will appear in a pops concert in San Francisco on January 28.

The concert, sponsored by Angelo's House of Music, will feature selections from the Broadway stage, Hollywood motion pictures and light classical music by well known composers.

Angelo Sfarzo, owner of Angelo's House of Music, announced that the concert will be held at 960 Geneva avenue at 8 p.m. Free tickets are available at Angelo's House of Music, 960 Geneva avenue.

Mr. Malmsten will appear at the Thomas Symphony Organ, a remarkable new instrument that places a full orchestra at his fingertips. Among the most versatile of instruments the Thomas Symphony enables Jack to draw from it hundreds of startling effects that make his concerts wonderfully exciting.

Though a young man, Jack Malmsten has played the organ for over 20 years. He began at 8 years of age, played professionally at 13, and has gone on to master both classical and popular music. His career has followed an unusual path, encompassing both music and electrical engineering.

He attended the University of Colorado, the American Conservatory of Music and Park College. It was during his college years that he developed the unusually expressive style which he will display at this concert.

His career as a professional musician has taken him throughout the mid-west. He has been active in radio, TV and theater appearances, playing with the Kansas City Philharmonic Orchestra and appearing as a soloist at the Plaza Theatre in that city. Concerts have taken him to almost every state of the union and abroad to West Berlin, for which he received a commendation from the United States Government.

with a .30.30 deer rifle, was credited with capturing the escaping Lewis.

Police fired a shot and caught the attention of Anthony Gaidos, who was working in the front yard of his home at 220 Ramona way. Gaidos captured Lewis in the 300 block of Reina Del Mar.

In a bureau drawer at Lewis' place, police found a copy of the 1960 edition of the San Francisco Social Register. Police also found a file of newspaper clippings showing who among the society set was out of town for the weekend of the Bing Crosby golf tournament at Pebble Beach.

A woman who said she was Lewis' wife, Patricia York, was arrested at Lewis' home. She answered the door when police made the call.

Lewis and Miss York were booked on burglary charges earlier Saturday after a burglary at the home of Thomas R. Dwyer, trucking executive of 3209 Jackson street in San Francisco.

They made $1,365 bail. A San Francisco daily newspaper published Lewis' and Miss York's pictures in the Examiner after their Saturday arrest. Lewis had apparently had given police a phony address after he made bail. Police converged upon Lewis' Pacifica residence after Robert Fizer of 235 Reichling street called police to say that Lewis and Miss York were known to him as husband and wife, and lived next door to them.

Unification

meet and maybe make a change in the compulsory Master Plan law.

Dr. Russell Kent, committee consultant, explained that it was the obligation of the committee to meet the requirements of the existing legislation and present a Master Plan by September of 1963.

He also noted that a six month delay would put the Master Plan hopelessly beyond its time limit. The committee must meet in three other sections of the county and come up with a Master Plan configuration by September. The Bayshore six-month extension was voted down, 18-4.

Bradely explained the committee's reasoning for granting the extension. "We have judiciously tried to dispel the opinion that we are an all powerful committee, and we are now giving you a chance to choose your own path if it is better than the one we arrived at." Also, Kent added, "we are now at a point where we do not have much further information to give."

Points of the proposed procedure were:

(1) Postpone further official meetings of the Augmented Committee for three months.

(2) Study during this period to be left to the initiative of local board, to procede jointly or separately at their discretion.

(3) Technical staff members and members of the County Committee to be available as called upon during this period.

(4) Official meetings of the Augmented Committee to be held in the third week in April at which time the regular county committee is to make a determination whether or not alternative propositions meeting the committee's criteria have been evolved.

If the alternate plan by the local boards meets the criteria of the county committee, then it will be adopted in favor of the present one which includes all five districts under one board.

As of yesterday, the local boards, as a group, had set no definite meeting although each group has been working on the new plan separately.

Ask Job For City Carpenter

The Daly City Personnel Board has recommended that Reginald Calvert, who was laid off as city carpenter last December after 4½ years on the job, accept a transfer to the position of maintenance man.

The final hearing on the case was held December 19. The board's opinion was that City Manager Ed Frank "was technically correct in his actions, but violated the apparent intent of the city council and of the spirit of Ordinance 203 and the rules and regulations."

This opinion will be delivered to the city council on January 28. Calvert's layoff had been contested by the city employees union, which felt that Calvert should have been offered another job.

City Manager Frank said he had offered the job, but Calvert didn't accept the offer at the time the position was open.

Holdup Men Are Indicted

The San Francisco Grand Jury voted January 21 to indict Harry Harvey, 32, of 117 Santa Barbara street, Daly City; Gary Andrews, 20, of 111 Santa Barbara street, Daly City; Sheldon Dixon, 22, of Salinas, and Robert Johanson, 20, of 550 23rd avenue, San Francisco, on robbery charges stemming from a ten-day spree of San Francisco holdups during the Christmas season.

The men had also admitted to thefts in Daly City at Alberigi's Texaco station, Inc., Westlake Market and Best Way Market.

Blood Donor Day Called A Success

Mayor Joe Verducci announced Monday that Blood Donor Day for 1963 was a success. Blood Donor Day, which was held last Friday at the Westlake School, saw representatives from various organizations throughout Daly City as well as interested individuals donate a pint of their blood to the Peninsula Blood Bank as a credit that could be drawn upon in the event of future emergency needs.

Mayor Verducci, who acted as chairman of the project this year, which was cosponsored by the Rotary Club and the City of Daly City, wanted to express his appreciation and congratulations to the Jefferson School district personnel and Daly City employees who responded in large numbers on Blood Donor Day.

Verducci stated that while this year's project was a success, the committee would start planning in the very near future for next year's Blood Donor Day in order to solicit a greater and more representative response from the citizens of Daly City.

Music Conservatory Registration Opens

Registration for the Spring term program is now open at the Peninsula Conservatory of Music in Burlingame.

Classes will be available in all departments including voice, organ, piano, woodwind, brass, percussion, theatre workshop, and opera workshop.

Adult courses will begin in February and credit may be secured toward certificates and diplomas as approved by the California State Department of Education and transference of credits to the Conservatory from other institutions will be accepted.

Marchbanks Will Filed

According to a will filed for probate in San Mateo County Court, Mrs. Bernadette Jones Marchbanks, widow of the former owner of the Daly City Record and a founder of Tanforan race track, left most of her multi-million-dollar estate to her sisters.

She left cash bequests of $10,000 each to a brother-in-law, Joseph G. Greene, a friend, Raphaelite Hanlon, and her servant, George Yung, all of San Francisco.

Sisters Helen Lorraine Jones and Dr. Susan Jones Greene of San Francisco received the remainder of her fortune. Her home at 975 West Santa Inez avenue, Hillsborough, was left to her sister, Miss Jones.

Mrs. Marchbanks, 63, secretary to John William Marchbanks, died last Thursday in a San Francisco hospital. When Mr. Marchbanks died only months after he married her in 1947, he left her an estate of more than $5,000,000.

Vista Mar News

The fifth graders of Room 1 at Vista Mar School had an interesting experience working with batik, a wax-resistant dying process. Wax is applied to a fabric before dying, and then resists the action of the dye on all areas covered.

One color covering another creates an additional color and so the process continues. The children had exciting results as the batik on display in Room 1 reveals. This experience was given students under the direction of Mrs. Kay Antongiovanni, student teacher, and Mrs. Frances Lanthier, resident.

Fifth graders of Room 2 also engaged in a straw technique for an art experience. Attractive hangings were made resembling oriental design. Creativity on the part of their teacher, Mrs. Peggy Christgau, resulted in using coat hangers to make the hangings.

This straw technique involves a blob of paint on paper and blowing the paint.

Second Try to Block Brisbane

Attorney Tom Bocci has filed an amended writ of review with the San Mateo County Superior Court, questioning Brisbane's annexation proceedings. The writ concerns the amount of voters Brisbane contends are in the proposed lands to be annexed west of the Bayshore Freeway.

This was the second legal attempt made by the Bayshore Citizens Committee to block Brisbane's chance at annexation.

Contempt proceedings sought by the Bayshort Sanitary District against the Brisbane city council because the council passed a resolution to start annexation proceedings despite the granting of a restraining order against annexation were thrown out of court last week.

By GARRY NIVER

New York State Assemblyman Hayward J. Plumadore has initiated a committee whose duty it is to draw up a bill abolishing boxing in the state of New York.

The committee began after the death of Benny 'Kid' Paret, on April 2, 1962, and has been collecting arguments for its case since that time.

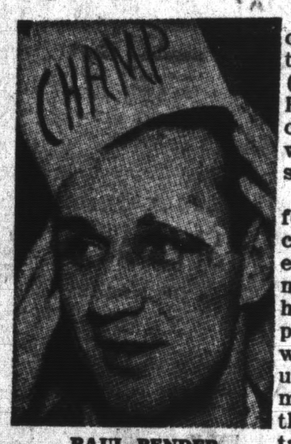
We feel that the state legislators are approaching the problem from the wrong end of the barrel.

In the first place, if New York sets a precedent, other states, including California, will more than likely follow. This will have an adverse effect on government controls of the sport if the bill is passed.

It would tend to drive the sport underground and obliterate what little control the government has over the sport now.

Boxing matches would be held in barns, like cock-fights are held now, and the gambling element would inherit complete control of the sport instead of its now partial role in manipulating the game.

Our feeling is that the government should make a thorough investigation of the sport and set up a federal agency which would set down stringent and uniform policies. As it is now, each state has its own set of rules, and as a result we have double champs like paper Paul Pender and tough Dick Tiger.



PAUL PENDER
... False Title Claim

Also, some states license a boxer and oft times ludicrous bouts (Tom McNeely — Floyd Patterson fiasco to name one.) Federal control would eliminate travesties such as this.

Another virtue of a federal board would be its control of the criminal element. It could enforce a nation-wide ban of the hoodlum element which is prevalent in the fistic world. Perhaps it could set up a system where-by managers are salaried by the government and certain percentages of the purses are put aside for a pension plan.

This would also eliminate the tax problem which has plagued boxers from the beginning. Let's face it, by the time the pugs get their cut of the purse, no matter how large it is, there is usually little left of it. Backers, managers, seconds and gamblers all get a sizeable piece before the athlete even gets a whiff of the greenbacks.

Also, it would allow the government to enforce a uniform medical examination for all boxers.

This might eliminate tragedies such as the Paret case or the Alejandro Lavorante misfortune. Lavorante had been kayoed in his two previous bouts, yet he was allowed to fight Johnny Riggins. Had his case been under a more watchful eye, he might have been denied the license to fight.

So, it is our opinion that the State of New York is taking the wrong approach. To ban it would be an invitation for the underworld to take it over entirely—lock, stock and broken bodies.

Maybe the United States Senate will give the problem a good look-see. It could surely use it and it could help to raise the age-old sport to a respectable level. There are a lot of people connected with the sport who are dedicated to it.

And then there are others.

Gymnastic Stars At Rec Awards Night

Once again the Daly City Recreation Department takes pleasure in inviting the children and adults of the community to their annual Touch Football League Awards Night at the War Memorial Community Center gymnasium Friday, January 25, at 7 p.m.

This year in addition to the presentation of awards to the first and second place teams, there will be an outstanding exhibition of gymnastics. Through the cooperation and assistance of Mayor Joe Verducci, director of athletics for San Francisco State College, and Angelo Festa, gymnastics coach for San Francisco State, the Daly City Recreation Department is able to give the children of the community an opportunity to see the fast growing sport of gymnastics.

Performing for the Awards night will be Jim Fairchild, NCAA Side Horse Champion; Ray Hadley, Big Ten All Around Gymnastics champion; Steve Southwell, 1963 San Francisco State College Gymnastics team captain; Camelia Bawl, Trampoline champion; George Wilcox, 1962 San Francisco State College Gymnastics team captain, and Ted McCade and Jerry Crouse, members of San Francisco State College gymnastics team.

In addition to these stars, the show will feature a couple of outstanding youngsters—15 year old Larry Butts, 1962 San Francisco State Invitational Tumbling champion and 16 year old Paul Mayer, Northern California High School All Around Tumbling champion. These gymnasts and tumblers will exhibit the marvels of coordination of balance, strength, timing and skill that the human body is capable of achieving.

Councilman Frank Pacelli, an ardent proponent of youth athletics, will present the individual awards to the first and second place league teams. Receiving awards will be the PAL Eagles, PAL Indians, OLPH Twisters, PAL Tigers, PAL Rams and PAL 49ers.

STEVE SOUTHWELL (left) and Jerry Crouse (right) are two of the nationally ranked gymnasts who will put on a show at the War Memorial gymnasium this Friday night at the Daly City recreation department's annual Football Awards Night.

Cold Chicks Fire Hot Arrows at TN

Masquerading themselves as benevolent Robin Hoods, nine Westmoor High School girls participated in an outdoor archery tournament, sponsored by the Girls' Athletic Association at Terra Nova, January 10.

The archers, bundled as if there were snow in Sherwood Forest, shot three ends, from 15, 20, and 25 yards. Losing the match melted neither the frozen sunshine nor the girls' hopes.

Christan Le Bosque, the highest scorer from the Westmoor team, received six new arrows as a reward for her merit.

Leslie Mertens, Jackie Humbird, and Maurine Walker also joined the band of Robin Hoods at Terra Nova.

Acompanied by G.A.A. advisor Miss Shirley Minaker were the triplets Joan, Nancy and Linca Noennick, Jeanne Faustine, and Nancy Podesta.

Orlich—'It's An Upset If Rams Win'

The first scene of the North Peninsula League basketball campaign has been tucked away and the teams are readying for the second take this Friday.

And, as forecast, the Westmoor Rams, Jefferson Indians and South San Francisco Warriors top the standings with 1-0 records. This week at least one of the undefeateds will fall as the Rams from the hilltop campus of Westmoor trek across town Friday night to meet Mike Orlich's vastly improved Jefferson cagers in the rennovated Indian gym.

In other action the Warriors from South San Francisco will play host to the neophyte Oceana Sharks and the El Camino Colts hop over the mountain to Linda Mar for a roundball duel with the Terra Nova Tigers.

Tipoff time for the lightweight games is 7 p. m. The varsity contest follows.

The game between Westmoor and Jeff is the feature attraction of the week. Two weeks ago in the NPL Tournament the mighty Rams barely slipped by the Indians 39-37.

This contest is expected to be no different.

As a matter of fact Indian mentor Orlich will be mighty surprised if his quint doesn't win. "If they beat us it will be an upset. We'll beat them by at least ten points going away," replied the outspoken dean of Peninsula cage coaches.

Orlich bases his premise on the Indians' even scoring and balance. "Either (Gary) Mendoza, (Steve) Willis, (Larry) Jones or (Dan) Boden are capable of hitting 18 points on any given night," Orlich explained.

Orlich still admitted that he is looking for a spark-plug to lead his team, but is hopeful that he will turn up by game time Friday night.

One lad which Orlich will be banking heavily on is Boden. The slender senior scored 18 points in the Indians' 44-40 conquest of Terra Nova last Friday.

Larry Keeling, Jones and Mendoza all scored six points in the victory, followed by Mark Terry and Willis with four points each.

Orlich handed out most of his superlatives to six-foot jumping-jack center Jones. "He really played terrific—setting up plays and controlling both backboards.

Westmoor's hopes will be largely riding on guard Steve Schmuck and center John Kelly. The Rams put together one of their best efforts of the season in swamping Oceana 51-29. Kelly, the 6-4 pivot man, tanked eight field goals to pace the scoring attack with 16 points. Schmuck, the Rams scientific floor-man, and transfer Bill Broughton each tallied eight points to share runners-up honors.

The Rams ran up a 33-12 halftime lead and coach Tony Giamonna shuffled in the reserves during the second half to coast to the win.

The Warriors from South SF should have little trouble in rolling over Oceana Friday. Coach Joe Schroder's quint is once again a picture of health with Dave Parenti's ankle mended.

Parenti led the Warriors past their cross-town cousin El Camino, 58-34 last Friday. The 5-7 guard tallied 18 points. Close behind was Rich Mozzini with 14 points and Bob Szehner with 13.

Hal Westmoreland paced the Colts with 11 points, followed by Brian Cute with nine points.

Coach Gary Kenney's Colts, who have already belted Terra Nova 41-32 in the NPL tourney, might run into a little more of an argument this time.

Jeff's Orlich calls the Tigers, "a vastly improved club as compared to the tournament." Coach Rich Burt's cagers display a well-balanced attack headed by Fred Mason, Dave Coil and Jim Schasten. Each of the trio tallied eight points against Jeff.

One big factor which has hurt the Tigers this season is the loss of top scorer and center Manuel Pick. The griddercager had a knee operation last Friday and it looks as if his prep cage days are at an end.

Cahill Judoists Score Big

Cahill Judo Academy with a big assist from a husky Burlingame High School wrestler, compiled 14 wins at the San Jose Buddhist Invitational tournament in Judo Black Belt Federation competition over the weekend.

Fourteen-year old David Shurtz of Hillsborough, a varsity wrestler at Burlingame, staged the strongest individual performance for the North County team during the day by chalking up six wins before being eliminated by a draw. He took second place trophy in the junior competition, limited to those 16 years of age and under.

Another juvenile showing strength was George Koetke of San Mateo, with three wins and a loss.

Shurtz was promoted to Purple Belt, the junior equivalent to Brown Belt category. The recognition will result in his automatic advancement to Brown Belt in adult competition when he becomes 16. Likewise, Koetke was advanced to Green Belt, a major step in progress to Brown Belt rank.

The bays were two of a record number of 35 youngsters competing for the Cahill Schools of South San Francisco and San Mateo. It is the biggest contingent ever to represent the locals, according to team coach Willy Cahill. Most competed for the first time.

Other youngsters scoring wins included Bill Polson of Pacifica, Hank Sauer of Hillsborough, and Ed and Dick Randolph of Woodside. Draw matches were earned by Jeff Volosing of South San Francisco and Richard Thill of Daly City, as well as Shurtz, and Sauer.

In the adult competition, Rick Ramirez continued his winning way in the Brown Belt class. Ramirez of South San Francisco, earned a win and a draw. He has never lost a Brown Belt match.

Phil Lara, also of South San Francisco, earned a draw.

Green Paces Angels Past BYA Hotshots

Ben Franklin's White Falcons fought it out with the MHR Chiefs in a close game this week with the Falcons prevailing, 43-42. The Falcons led all the way but the Chiefs kept the game close the whole time and in the closing minutes brought the score to within one point.

Scoring was a team effort by both teams. Groshong of the Chiefs was high man with seven points while Jim Williamson was high for the Falcons with six points.

Piercy, Garber, Smith and Polis all helped the Falcons cause.

Steve Green went wild this week, racking up 28 points for the OLM Angels in their 42-11 win over the BYA Hotshots. Green hit 12 field goals and four charities. Erving, Feguerоa, Schultz, Martin and Storman all hit for the Angels as they took turns feeding Green. Kerger and Deal were high for the Hotshots.

Hustling Allen Alcese hit five field goals for the PAL Bears as they defeated the BYA Aero Motors, 20-14. The Aero Motor boys held down most of the Bears' hotshots as only Olcese, Coserza and Proctor found the bucket. Stang and Plyer were high men for BYA.

The PAL Wildcats hooked the BYA Matadors as they scored an easy 30-16 win. Jon Goodin played the part of the sharp horn, pushing in 13 points for the Wildcats. Taufer hit ten for the Matadors. Matty Russo, Frank Nappi, Fred Garcia, Tony Schrock and Steve Howe all helped muscle the Matadors.

New Pisa Blues rambled by the OLPH Golds, 40-15. Tong of New Pisa hit a big 15 points. Hom and Wilson backed him up with good shooting. Steve Gudely tallied nine points for the Golds.

Mrs. Mazzoli, Mrs. Callendar Top Lady Golfers

Mrs. Alfred Mazzoli and Mrs. Charles Callendar teamed up to grab the top honors in the Cypress Hills Best Ball Twosome tournament with an 84-29½-net 54½.

Mrs. Alfred Majoulet and Mrs. Raymond Coyne were second in last Thursday's event with an 85-27-net 58.

In the Class B division Mrs. J. E. Stauffer and Mrs. Hiram Leinenweber topped the field with an 86-31-net 55. Mrs. Joseph O'Hara and Mrs. Walter Jenkins carded a net 61 to come in second place.

Mrs. William Jeffers and Mrs. Frank Howell coincided to take the Class C honors with a net 63. Four strokes behind in second place were Mrs. Fred Watt and Mrs. Donovan Dean.

PAL VIKING CAGERS DEFEAT SHERITH ISRAEL KNIGHTS

The second week of league play in the 6th grade basketball league started with the Sherith Israel Knights going down before the PAL Vikings 27-6. Ax man for the Vikings was Gary Ciardella with 11 points.

Joe March and Dave Hector helped out coincidentally on both offensive and defensive for the Vikings.

The Holy Angels Colts got off to a fast start in their game against the PAL Warriors. It was all Colts until the second half when Steve Kirby, Tom Belvin, Mike Mjevich, Pat Barragan, Ray Schrock and Ron Hackett whittled down the lead. Scott, Dillon and Mannis nailed down the lid in the 4th quarter with a bucket each as the Colts won 29-24. Scott was high point man for the Colts with 11, while teammate Dillon was good for eight points. Tom Belvin hit eight for the Warriors and Steve Kirby seven.

Game of the week honors go to the OLPH Hilltoppers and PAL Jets battle, which saw the latter team win 19-17 in quick death overtime. This was a real see-saw cliffhanger. Tied in the first and second quarter, the Hilltoppers went ahead in the third quarter by one bucket. In the final period, the Vets tied up the ball game and it went into overtime. Lujan tied up the game with two free throws after the Jets scored. Center Bill Brown of the Jets hit the deciding point for the 19-17 victory.

Hero of the week honors are shared by both the winners and the losers this week—Jets' Papes, Mark, Themoleas, Brown, Long, Yamron; and Hilltoppers' Stanley, Guidice, Shea, Neary, Denning, Trentacosta, Schweitzer, Perkov and Lujan.

The OLM Hawks took one off the BYA Bender Roofing Cats this week 36-24. Joel Carrara of the Cats was high point man for the game with 11. Big men for the Hawks were Gilmore, Antracolli and Hampton.

Tamboni Paces Gaels Past Jaguars, 31-10

The opening of league play and the end of practice games marked the seventh week of the 5th grade basketball league. With the chips down, the OLM Gaels went home big winner for the day. Joe Tamboni had a big day for his team with 15 points as they dumped the PAL Jaguars 31-10.

Gaels' shooting and rebounding dominated the game. Moving out in front right from the tip off, the Gaels led all the way. The Jaguars showed a burst of potential in the fourth quarter.

Pat Greene blazed the way for the OLM Dons to victory over the Holy Angels Lions. Greene hit 11 for team scoring honors. Paul Neagle and Martin Hecht helped the Dons' cause with six each in the Dons' win over the Lions 27-16. Mario Salzano and Kevin Bernie collected six points each for the Lions.

The PAL Eagles overwhelmed the OLPH Bumble Bees in spite of the fine play of Timmy Denning. Larry Belfrage hit 22 points and teammate Mike Larios scored 14. The Eagles went out in front in the first quarter and stayed there.

PAL Vultures Dump Alley Cats 43-22

Keith Stoller, Jim Tarantino and Ron La Rosa have taken the PAL Vultures another step up the ladder leading to their win over the OLPH Alley Cats, 43-22.

The Alley Cats played well and found the bucket with consistency. Cheloni Burgess, Parodi, Blandalain and Caligari all hit for the Alley Cats but could not catch up with the inspired playing of the Cinderella boys. The Vultures meet the PAL Tigerts next.

Telvis Jones and Greg Carter overworked the hoop, pouring points through at the expense of the MHR Crusaders as the PAL Lakers prevailed, 61-20. Hones hit 22 and Carter 18.

The Ben Franklin Green Falcons fell before the PAL Big Warriors, 61-40. Matt De Bernardi tanked 27 points for the Big Warriors and this was the difference. The Green Falcons are looking better. Nick Budea hit 13 for them this week. Jeff Long and Mark De Bernardi did their share for the Big Warriors, 12 for Mark and 10 for Jeff.

Mike Wynne and the PAL Tigers gave the New Pisa Reds a run for their money this week. The tall Reds won

Las Vegas Entry In Oakland Rod Show

A "personalized" 46-year-old Las Vegas "hot rod" has won display space in the 15th annual Grand National Roadster Show to be held February 15-24 in the Oakland Exposition Building.

The colorful street roadster pickup was entered by Frank Schive, vice president of the Hotel Sahara, one of the top spots on the Las Vegas "Strip," according to show manager - producer Al Slonaker.

Approximately 150 hand-built custom cars, hot rods and sports cars, customized power boats and personalized motorcycles will vie also for laurels during the famed Oakland auto extravaganza.

The first Las Vegas entry in the Oakland spectacle, Schivo's ancient "hot rod," has been re-built from a 1917 Model "T" Ford into an eye-catching vehicle.

"This entry indicates a trend is under way among top Las Vegas personalities to join in the 'hot rod' and 'glamor car' enthusiasm which has long been popular in Hollywood circles," Slonaker commented.

The Nevada entry is powered for street use by a reworked 1959 Pontiac Bonneville engine linked to a hydramatic transmission and is embellished by many other custom features.

The completely chromed front has been specially constructed not only for looks but also for driving convenience and comfort.

Widely known in Las Vegas, the car has been featured by the Hotel Sahara in many pictures that have been used in newspapers and magazines.

Entries in the Oakland automobile spectacle will vie in 28 different classes for 100 trophies valued at more than $10,000 during the show's ten-day run.

The nationally-known event is designed to glorify individual car building and to display the latest and best innovations in the automotive field, Slonaker added.

YAT Meets Trotters At Palace

Meadowlark Lemon and his happy - go - lucky Harlem Globetrotters cage cutups will return to the Cow Palace, Friday night at 8 o'clock, when the Atlantic City Seagulls, bolstered by three stars of the recently disbanded Oakland Oaks and pro football's top star Y. A. Tittle, face their dizzy capers.

Also re-joining the merry hoop circus will be the famous hi-de-ho man Cab Calloway, who'll be featured along with dancer Peg-Leg Bates, during an eight-act international variety revue to be staged at game intermissions.

Cavorting the hardwoods with Tittle, the New York Giants record breaking passer and NFL's most valuable player, will be Fred LaCour from USF, Jim Hadnot from Providence University, and Dave Mills of Seattle University, who were the mainstays of the Oaks ABL team before the league folded.

Meadowlark's merrymates will include such veterans as Murphy (Yo Yo) summons, the dribbling whiz; barking Tex Harrison, Clarence Wilson, Willie Thomas and Nat (Sweetwater) Clifton, who boast basketball's biggest hands and manipulates a basketball like a baseball.

But the big gate attraction, of course, will be the Trotters' king of comedy, Meadowlark Lemon, when not entertaining with his bag of tricks on the court, can play the game straight with the best of them.

On the receiving end of the Wizards' sleight-of-hand along with Y. A. the bald-eagle, Hadnot, LaCour and Mills will be 6'10" Jim Ciol, 6'9" Frank Szarnicki, Paul Godwin, Ned Randall and a quartet of regulars touring with the Seagulls five of former east and midwest cage stars.

"Baseball' and "football," standard trademarks of every Globetrotters show will also be put into play. As well as another world famed Globie stock-in-trade stunt the fans never get tired of watching. The celebrated "Sweet Georgia Brown" pre-game warm-up "magic circle" precision ball handling routine.

Tickets for the attraction on sale at the Crane Box Office, 245 Powell St. DO 2-4566. Reserve seats $3.50, $2.75. General admission $2. Children under 12 $1.25.

It's SPARE TIME

at Westlake Bowl

By JIM GREALISH

Vince Ferrigno continues to lead the field in the Westlake Classic. For the third consecutive week, he topped the eighty bowlers in the league, this time with a 204 game and 594 series. In addition, Vince is currently reigning as King of the Hill in the Friday Jackpot Sweeper.

Eldon Henshaw of Re-ly-on and Peggy Narducci of John Morrell were the week's leaders in the Ball & Chain Mixed Fives with 223-544 and 160-476 respectively.

Two pins kept Red Zan of Gallo Salame from membership in the 600 Club as he led the Mayfair Strike League with a 598 series on a high game of 203.

The 915 All-Stars produced six series over the 600 mark led by Glenn Butcher of Light Soda on Tap who registered a 624 series with a high game of 238.

Juanita Borreani of the Westlake Tow team shot an even 200 game as she led the Starlighters with a 497 series last Monday evening.

Wonnie Gracheff missed an unbelievable triplicate by only two pins in the Kings and Queens 850 Scratch League as she rolled games of 203-203-205 for a 611 total to lead both the ladies and the men. Bob McNeilly upheld the honor of the men with a 599 series on a high of 230.

In the Southwest Handicap, Ray Spina led the pin parade with a 603 series with two high games of 224 and 232.

Leading lady in the Sunset Handicap was Liz Sanano with a 172 high game and 491 series.

Lisa Cochran was the high roller in the Corpus Christi league last Wednesday morning with a 201 game and 468 series.

Rich Ryden of Duffy's Corner set the pace Monday night as he rolled a big 232 game and 607 series to lead the Blue Monday Scratch League.

The Third Annual Westlake Doubles Tournament started Monday and already the line is forming to the right to shoot for over $2,000 in guaranteed prizes plus thousands of dollars in prizes dependent upon the number of entries. An added feature is the Optional Singles feature whereby a bowler may use his first three games with handicap for a separate prize list. A. B. C. bowlers may compete any time lanes are available until March 3.

Ray Fisher of Universal Auto Parts and Joe Pacini of Evergreen Gardens shot high games but couldn't quite crack the 600 barrier. Ray had a 224 game and 593 series while Joe posted a 234 game and 581 series.

Jim Jolly of the Westlake Bakery completely forgot his average of 167 in the Southgate Mixed Fives as he shot games of 177-256 and 247 for a 680 series, setting new league records for high game and high series. Dolores Langford of Westlake Lounge led the ladies with a 194 and 505 series.

The Tuesday morning A-1 Nursery League again produced more than its share of high scores as Sue McCroskey led the way with a 210 effort while Flo Dillon rolled a perfect game for a 191 total. Dolores Sargent took high series honor with 497.

George Boitano of Cattlemen's Club II, led the Ten High League with a 199 game and 551 series.

World Series Film At Westlake Bowl

Physical Fitness Program At Thomas Edison School

Thomas Edison Elementary School has employed a novel approach toward the Physical Fitness program. They have sought to stimulate and to improve their program by incorporating all of the recommended fitness events into a gigantic one-month intramural competition in the form of a Track and Fitness Meet. It is felt that the spirit of competition among classes will develop a keen, vigorous, and determined attitude in the youngsters.

Twelve events have been selected for the meet: standing broad jump, bent knee sit-ups, softball throw, pull-ups, basketball throw, rope jump, shuttle relay, basketball free throw, push-ups, 50 yd. dash, 220 relay and a target softball throw.

The meet was initiated and is being conducted by the school principal, Harry Aronson, and physical athletic director Bruce Russell.

All of the equipment, procedures and rules which apply to a Track and Field Meet are being followed to create an atmosphere of competition and to inspire a maximum of participation and effort. Entry blanks must be submitted by deadlines to insure elegibility and participation of athletes. A scoring system has been installed which awards a prescribed number of points to athletes placing in the first four positions.

To assure active participation in the program by every student rules have been adopted which limit the number of events a student may enter. At the close of the meet, the points which each class has earned will be added and the class to receive the highest number of points will be declared the Track and Fitness champions.

The boys and girls have welcomed this new innovation with great enthusiasm and anticipation.

Wednesday, the Meet opened with the girls standing broad jump event. The twenty contestants were permitted four jumps each with the longest jump declared official.

The event ended in a deadlock between Susan Noffsinger of Mrs. Nyhan's fifth grade class, and Terry Corcoran from John Russell's sixth grade. In a "jump-off," Susan won the event with a jump of six feet and nine inches.

JEFFERSON'S Gary Mendoza will lead his teammates against Westmoor this Friday night at the Indian gym.

Serra Bowl News

By Frederick Hoffman

It looks as though Ed Seth is a big name again in this week's news. For the second week in a row Ed has topped the shooting in the Wednesday "4 x 4's" mixed scratch league. In the latest action he led his Do-Nutters team to a 3-1 triumph over team No. 4 by putting together games of 178, 190, 226, and 206 for an even 800 series! This gives Ed a total of 1571 for his last eight games which tallies out to a handsome 196 plus average.

The Serra Interns scored the only clean sweep in the ladies' afternoon "Feather Dusters" league as they shattered the Reliable Glass Co. in all four games. Dorothy Millard had 183 and 525 for the winners; wonder what Ben Casey's average might be??? in bowling that is.

Rex Golobic registered his second consecutive 600 series in a league Monday evening as he posted a fine 219-602 in the "Pots & Pans." High game in that action came from Mo Minemoto who opened with a strong 237 and 192 but faded in the stretch with 157 to total 586 as his Cleavers took all three games from the Road Runners and increased their league lead by still another game over the S.O.S. five.

In the "trick shot" department several odd split combinations were converted this week. Jack Frenge picked up the 3-7-10 in the "Bankers" league, Barbara Parsons shot down the difficult 617 in "Astronauts" action, Steve Kropos knocked off the 5-8-10 and Art Raske snared the 5-7 in the "750 Masters," and Ernie Loconsolo proved to be grand champion converter by picking up both the 6-7 and 3-7-10 splits. Wayne Miller turned in a rare "triplicate" series in the Thursday "Sharpshooters" as he got stuck in the groove for 148 in all three games!

Highest single of the week belonged to Pete Casias of the "Sharpshooters" and Vic Bertucelli of the "Knights of Columbus" league. Both boys banged 243 highs but Pete was the steadier of the two with his 585 total while Vic slipped a bit and ended with 566 for his threesome.

A sprinkling of scores from other leagues indicate a common bond of good bowling at Serra. Joe Magness had a 232, Frank Savaressa a 218, Walt Thede a 202, and Bill Beall an even 200 game all in the Sunday "Cocktail" league. In "T. G.I.F." bowling Jim Conley smashed 225 and 542 and Ruben Mounet blasted 227 and 570 in the "750 Handicap."

The "Mothers of all Faiths" ladies group has just completed plans to hold their fashion show and luncheon in the beautiful Friar Room at Serra Bowl. The affair will be attended by about two hundred ladies in the latter part of April and will be the largest fund raising event sponsored by the group this year. Any group wishing to organize a similar function should call Dick Munroe at WYman 2-3444 for information about Serra's group party program.

PUSHAWAY and ARM-SWWING — Nothing is more vital to good bowling than mastering the initial movements of arms and legs in the approach. The pushaway is coordinated with the first step of the four step delivery and occurs at the same moment. From the starting position the ball is pushed forward and slightly down as the first step is taken. While both hands are used in the pushaway the left hand (for right-handed bowlers) is dropped away from the ball at the end of the first step and the ball begins to move back into a smooth pendulum swing, the wrists remain firm but never rigid in the swing.

NEXT WEEK — The Pendulum Swing.

Tuesday two sparklers were provided by Harold Kull 224-649, and John Ullstrom 238-596. Harold Knudsen almost sank the boat club by a mighty torpedo job on high game and series with 216-223 and 623. Salvaging good scores for the Beachcombers were Floyd Warnock 207-548, Carl Fontana 180-525, Bobbi Shepard 178-468, and Gladys Bolton 155-431.

Gator Coach To Afghanistan

Ray Kaufman, San Francisco State College professor of physical education and head track and field coach, has been assigned by the Asia Foundation to develop the physical education, athletic and recreation programs for Afghanistan, Dr. Douglas Fessenden, the college's director of health, physical education and recreation, announced last week.

Kaufman will be on a two-year leave of absence from San Francisco State, beginning February 2, to work at the University of Kabul, Kabul, Afghanistan, the capital city of this Asian country.

Kaufman has been a member of the college's physical education department and an athletic coach since 1941. He has been the Varsity track and field coach since 1946 and has held positions of asistant football coach, assistant basketball coach and varsity boxing coach for the Gators.

A track and field coach to handle Kaufman's duties will be named in the near future.

Fred P. Cox, president of the Cow Palace Board of Directors, announced this week that as of last January 1, Edward Diran had been appointed by the board as acting secretary-manager for the Cow Palace, replacing Nye Wilson who resigned effective December 31, 1962.

Beginning as an accounting officer in 1946, Mr. Diran was promoted to administrative officer in 1950.

The board is now considering applications for the position of secretary-manager.

Ramblers Come Equipped With Ceramic Coated Muffler, Tailpipe

DETROIT, Jan. 11 — The 1,000,000th Rambler to be equipped with a ceramic-coated muffler and tailpipe exhaust system will be produced this week, American Motors announced today.

Since it was introduced at the start of the 1961 model year, the exclusive Rambler feature, which carries a lifetime guarantee to the original owner, has been standard on all Ramblers.

The million Ramblers represent potential savings of more than $20,000,000 in muffler-tailpipe replacement costs for original owners and additional millions for used Rambler buyers in future years, according to Thomas A. Coupe automotive sales vice president.

"Most owners retain their cars three years, and the average replacement for regular mufflers and tailpipes occurs after two years," Coupe said. "This means that the 375,000 buyers of 1961 Ramblers would normally be facing the expense of replacement, which averages about $20 plus labor. By eliminating this maintenance cost, the ceramic system provides savings of more than $7,500,000 for '61 owners alone."

"Except for a few replacements due to accident damage, sales of new mufflers and tailpipes are largely confined to pre-1961 Rambler owners," he said. "This attests to the extreme durability and resistance to corrosion and acids provided by the ceramic protection on vulnerable parts of the exhaust system."

The ceramic coating, a special process originally developed for use in jet aircraft engines, is bonded to metal by firing at 1,500 degrees F. It completely covers the exterior and inner surfaces of the muffler and tailpipe for protection against engine acids and moisture, which are the main causes of deterioration.

Although the problem has been solved for Rambler owners, muffler and tailpipe replacement continues to be the automotive parts industry's largest single item in dollar volume, estimated at more than $500,000,000 annually, Coupe noted.

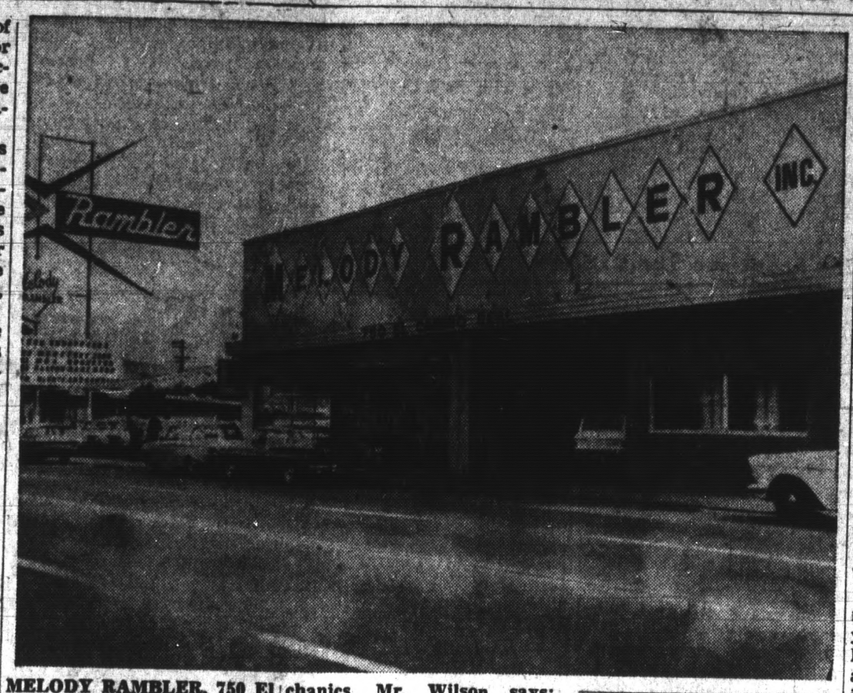
"The Automotive Service Industry Association reports 23,740,000 replacement mufflers and 22,113,000 tailpipes sold in the 1962 model year," he said. "The annual cost to car owners is staggering—and will become more so as total vehicle registrations continue to increase."

Durability Plus in Wheel Bearings

It is difficult to think of any part of the automobile that works harder than the wheel bearing, the design and construction of which is worthy of much more admiration than ever is given it by the average owner.

Wheel bearings are expensive items in the total cost of a car, points out the National Automobile Club, but motorists are not aware of this fact because they so seldom are called upon to replace such a part.

The truth is that bearings are so designed and built that they will outlast the average car in spite of the fact that they seldom ever are cleaned, and operate for thousands of miles under unduly heavy loads as a result of incorrect adjustment.



MELODY RAMBLER, 750 El Camino Real, San Bruno, is celebrating Motor Trend Magazine's award for "Car of the Year" with tremendous savings for you. Mr. Bill Wilson, co-owner and vice-president, who has 10 years in the car business, came here from the Richmond dealership, where he acted in the same capacity. Melody Rambler has 30 local employes. Among them is Mr. Charles Carmen, General Sales Manager, with 14 years experience. In the Service Department, Sam Cortese, a 25-year veteran in Rambler servicing, heads up a very competent staff of mechanics. Mr. Wilson says: "We like to sell a family again and again, so we treat our customers accordingly, in hope that their sons and daughters will buy Ramblers from us. Our firm is now in the process of expansion at our present location, and I might add that the end of this month and through February we will celebrate the occasion with huge sales promotions that will mean hundreds of dollars savings to our present customers and those who contemplate buying Ramblers in the near future."

SELF-ADJUSTING BRAKES KIT WITH CHEVROLETS

Frank C. Silvey, Chevrolet assistant general sales manager for parts and accessories, has announced that a new conversion kit has been introduced to make self-adjusting brakes available in late-model Chevrolet owners.

He said conversion kits will be merchandised through all Chevrolet dealers for 1959-62 Chevrolets, 1960-62 Corvairs and 1962 Chevy IIs.

Safe-Driving Pledge For 1963

Motorists who have survived 1962's appalling highway carnage should dedicate themselves to helping reduce the rising number of traffic accidents by making a pledge to drive safely in 1963, according to the Allstate Safety Crusade.

"This pledge should be more than just another empty New Year's resolution," warned W. Kel Potter, regional representative of the Crusade. "All of us must work diligently towards making our highways a safer place to drive."

He pointed out that the number of auto accidents last year was more than 10 million, while the cost of these accidents has been estimated in excess of $8 billion.

"It is evident that an effective traffic safety program at the grass roots is needed to stem this rising tide," Potter said.

He noted that one of the obvious holiday season slogans cannot be emphasized too strongly: drinking and driving do not mix. The motorist who celebrates by overindulging in alcohol should never get behind the wheel of a car.

"Investigations into holiday accidents have shown that more than half of the fatalities involve drinking drivers," said Potter.

A driver's attitude is sometimes as important as his aptitude in helping to prevent an accident.

"When we can make every driver understand the importance to traffic safety of his own actions behind the wheel, we shall be a lot closer to reducing the serious accidents and fatalities on our highways," Potter emphasized.

A variety of traffic safety literature is available free of charge from the Allstate Safety Crusade.

AN ADVANCED type of single-unit construction is used for the first time in the automobile industry by Rambler for 1963. This unique process replaces previous multiple components with single stampings, thus reducing human and mechanical error in forming sections. The finished body has 30 per cent fewer parts, permitting weight reduction of 150 pounds while, at the same time, increasing structural rigidity. TV and RADIO

By Mona Baker

The faces are what we remember best — the voices, too, but the faces seem to remain, unshaven, frustrated faces captured by the television cameras bringing to the screen one of the most moving and powerful documentaries that we have ever seen on television. A study of one of San Francisco's most pressing social problems "Skid Row" was shown over KRON-TV last week on the outstanding "Assignment Four" series (Monday, 6:30 p. m.)

A great deal of painstaking research went into the production of the documentary. "Assignment Four" crews practically lived with the inhabitants of the San Francisco streets known as Skid Row. Day-to-day exxperiences of the unfortunate men was faithfully recorded by the cameras. Adding impact to the impressive program were the rasping voices of the men telling their stories in their own words.

We do hope KRON plans to rerun the program because we are sure many viewers did not have an opportunity to see it the first time. "Assignment Four" has already received many awards since it has been on the air, and we predict this documentary will also receive recognition both local and national.

—★—

Special guest last Thursday morning on CBS's "Calendar" (KPIX, weekdays, 9 a. m.) show which went coast to coast was local resident Jack Kendree, spokesman for the Henry Doelger Corporation, who appeared on the program at the invitation of the CBS network on a national discussion on whether or not a homeowner should be permitted to grow ivy in his lawn. Photographs of Westlake homes and surrounding area were also shown on the program. Mr. Kendree appeared on the program for about ten minutes.

Since coming on the air approximately one and a half years ago, "Calendar" has had an imposing list of guests, including authors, international, government and sports figures and many other distinguished personalities who have expressed their views on a variety of subjects.

The program host is CBS news correspondent Harry Reasoner, assisted by hostess Mary Pickett.

—★—

COMING PROGRAMS: San Francisco Symphony's new conductor, Josef Krips, will conduct special "Congress of Strings" program on January 29, 10:50 p. m. over KQED.

Andre Kostelanetz conducts "Voice of Firestone" on January 27 (ABC, KGO-TV, 10 p. m.) and plays his own piano composition.

Repeat of NBC Opera Company "The Love of Three Kings," two-hour colorcast on January 27, 2 p. m., KRON-TV.

WOMEN'S ACTIVITIES

From A Feminine Viewpoint...

By Mona Baker

"Where are books for me?" "May I have a card?" "How do I make it out?" — questions that to most adults are elementary are asked every day by youngsters who visit the Daly City library.

To acquaint children of the area with the facilities, many school classes often visit the library as a group as oe of their field trips during the school year. Also, many Brownie troops come by as a group.

They are met by the children's librarian, Rose Marie Kraus, who shows them the different sections of the library they will be using, how to get a card, and other pertinent information.

These group visits by children are an important function of the library. Many youngsters would never come to the library if they had not come previously with their class. The selection of books for children is outstanding, with new volumes constantly being added.

During the past couple of weeks alone, 150 titles from picture up through high school are being processed.

Recently visiting the library were two kindergarten classes, one from Vista Mar and one from Jefferson Elementary. Scheduled for January 31 is the kindergarten class from Colma K-6.

Promising to be one of the highlights of the spring fashion calendar is the annual All Souls Mothers Club luncheon-fashion show planned for February 16 at Millbrae's Thunderbird Hotel.

Serving as commentator of the show is our community leader of the week, Laura Pickett, whom we are saluting for the many volunteer hours she has given to her community.

She was born in South San Francisco and has lived there all her life. Active in her church she has served as vice president, chairman of many benefits and is secretary for the coming spring festival.

She has also given many hours to the American Cancer Society, was city chairman for the organization, and is now on the San Mateo County board of directors.

The Picketts, husband Albert, and 14-year-old Kevin, live at 713 Miller avenue in South San Francisco.

—★—

A fashion show, too, is on the social schedule of Skyline Assembly of Rainbow Girls, who are also planning their event for February 16. Making arrangements for the coming affair is a new slate of officers who were installed at an impressive ceremony held last Saturday evening at Crocker Masonic Temple. They include: Janice Washburn, worthy advisor; Sherry Neugebauer, worthy associate advisor; Arlene Plansky, charity; Eugenia Murphy, hope, and Trudy Josselyn, faith.

The walls of the rooms are all freshly painted —all the work done by the mothers. Adding so much to the decor are the clever nursery characters painted by free lance artist Pense Bullock.

Do plan to drop by any morning this week between the hours of 9 and 12 at their new location, 474 North Parkview.

NEWS BRIEFS: Exotic cherry trees with pink blossoms will be a part of the decorations for the coming "Cherry Blossom Time" luncheon-show to be given by the All Souls Mothers Club on February 16. Feminine guests will also receive a glamorous gift direct from Christian Dior's famous salon in Paris.

Attending the Bing Crosby golf tournament last week at Pebble Beach was Dr. Harry Lapp of South San Francisco.

Also traveling down to the Monterey Peninsula were Mr. and Mrs. Lacy B. Viar of Westlake, who spent a few days at Del Monte Lodge.

Just back from Los Angeles are Bonnie and Charles Groper, who attended a family 50th anniversary celebration held at Valley Colonial Inn in North Hollywood.

It was a visit down south, too, for Gene Clark, who was entertained by her son, Fred, aboard his ship before he departed for duty in Japan.

A good time was had by all as appreciative husbands enjoyed a pot luck dinner given in their honor last Monday evening at Woodrow Wilson School by leaders of Girl Scout Parkview district.

Quite a trailblazer is Gloria Tircceri, who was leading girls of Brownie Troop 355 on a trailblazing hike in the Colma hills. They promptly became lost, but finally managed to locate the rest of the troop, led by Mrs. Lou Casalnuono and Mrs. Roger Moreschini, who plan to give Gloria a few lessons in "trail blazing."

Belle-Tones Perform At 17th CCPT Dinner

Activities are in full swing these days in the Daly City Belle-Tones Women's Chorus, with two concerts just completed January 10 at Alta Loma PTA, in South San Francisco, and another January 17, at the Elks Club in San Mateo, where officers of the CCPT 17th District held their annual dinner.

Patti Stolz, Belle-Tones director, also serves as 17th District music chairman, and for this special occasion combined her Belle-Tones with the Ladies' Choral Class she currently is teaching at Adult Evening School in SSF.

"This gives us nearly 30 voices," she said. "And it also gives the girls some idea of the thrill that comes through participating in a large choral group," she concluded.

This specially formed chorus was introduced as 17th District Mothersingers, since both groups began from PTA choral study groups

The Belle-Tones are sponsored by the Daly City Recreation Department, and it is the hope of Mrs. Stolz and the group that they can soon expand and add men's voices to the chorus, forming the first Daly City Community Chorus. At this time, male prospects are being interviewed, and any Daly City-Colma, Westlake residents interested should call the Recreation Department at PL 5-0850, Ext. 18, for additional information. Women are always welcome, and the only prerequisite is that you have some choral experience. Rehearsals are held at the new Lincoln Park Clubhouse, Thursdays, from 8 to 10:30 p.m.

Mrs. Ruth Hartman, Daly City piano teacher, serves as accompanist for the Belle-Tones.

Daly City-Westlake residents performing in this special chorus include Mesdames Betty Vincent, Susan Boyd, Jean Lewin, Gladys Schultz, Helen Boyd, Betty Elliott, Marie Ricetti, Reta Poole (Colma), Nancy Gensley, June Bianchini, Jolyne Liberati, Jackie Howe, Kay Kaufman. South San Francisco - San Bruno residents performing include Mesdames Vera Bassford, Oleta Bate, Mary Breckon, Lee Druhn, Fawn Grant, Sonia Kapostins, Gail Herman, Sylvia Robin, Virginia Kirkman, Noel Lim, Lysbeth Verhagen Marr, Dolores Nordstrom, Jay Rovetta, Janine Valentine, and director Patti Stolz (Daly City).

Mrs. Stolz is an experienced choral director, and frequently appears as a soprano soloist for civic and community functions. She studied voice and dramatics at Washington University Opera Workshop in St. Louis for several years, and directed the Chapel and Junior Choirs of St. John's Methodist Church in St. Louis. Her experience includes radio and television appearances, recitals, Broadway musicals, and she was a semi-finalist in the Midwestern States Metropolitan Opera auditions.

"The whole idea behind the formation of the Daly City Belle-Tones," said Mrs. Stolz, "is to provide a musical outlet for talent in this area, and at the same time add a new civic activity that everyone can point to with pride. Even now, after 14 short months, we are making a good name and reputation for our efforts, and I can hardly wait until we can announce that Daly City has its first Community Chorus."

Considerable credit for this growth goes to the various PTAs and civic groups that have invited the Belle-Tones to perform. They are open for local appearances during the months of April, May and June. Program chairmen should call Patti Stolz at JU 6-2287.

India's President Fetes D. C.'s Touring Educator

By Bunny Gillespie

(Continued from last week)

For Daly City's Ethel Hahn, arriving in India was more than reaching the site of the World Medical Association's convention in Nov., 1962.

It was the arrival of a lady, who has devoted most of her life to the education and betterment of children, in a country where 40% of the newborn die before they reach age 6, a country of high illiteracy, strong segregation (through the caste system), overwhelming population and indescribable poverty.

But it is a country where with new independence, ingenuity and enterprise, much is being done to improve the lot of its people.

At New Delhi, the city symbolic of India's progress, the 16 Californians traveling with the principal of Woodrow Wilson Elementary School to the Medical Assembly General Convention were warmly and officially welcomed, as were delegates and touring groups organized from other parts of the world.

At the invitation of India's President, Dr. Sarvepalli Radhakrishnan, Mrs. Hahn and her cohorts were served tea in the formal gardens of the Presidential Palace.

Officiating at long tables covered with spotless linens, white turbaned waiters dispensed Indian treats while, flanked and backed by colorfully attired palace guards, Dr. Radhakrishnan greeted his guests.

But New Delhi was only one of the Gangetic plain's great cities on the itinerary of the visiting Californians.

Just south of the capital lies the city of Taj, Agra. A world-celebrated marble jewel, the Taj Mahal dates back some three centuries to the Emperor Shah Jahan. Viewing it by day Mrs. Hahn found it "every bit as beautiful as I'd ever heard—the ultimate in architectural masterpieces."

Continuing along the Ganges the tourists encountered a huge Bengal tiger—stuffed, in Lucknow.

At Banaras the party boarded river boats for a closer look at the "Mother of Rivers." Here they viewed the hundreds of shrines and temples where 5 million pilgrims worship annually before bathing in the Ganges. The nearby funeral pyres reminded them of the belief that to die with Banaras assures the soul's ascent to Heaven.

In the busy city of Calcutta, Mrs. Hahn found the world's largest banyan tree and then pushed on to Rangoon, Burma's capital.

At Bangkok, Thailand's chief city, the sightseers took to motor launches for an early morning visit to floating markets and later viewed the Wat Po Temple.

Then, off to Kuaha Lumpur, the capital of Malaya, on the peninsula tipped by the British Crown Colony of Singapore. Her accomodations were at the famed Hotel Raffles, named actually for Singapore's founder rather than the gentleman burglar. A brief stop in Malay's Penang found the tourist driving around the island rated "most pastorally beautiful" by Mrs. Hahn. The flora was "out of this world—with rare flowers and exquisite scenic vistas."

Next another Crown Colony was visited, the island of Hong Kong. Women propelling sampans provided a "quick ferry" to one of Aberdeen's floating restaurants, and a birthday dinner feted San Francisco's Dr. John Humber, director of the touring group, was enjoyed.

A burning freighter in the junk-crowded harbor gave an eerie Dec. 7 panoramic highlight and a visit to the half-mile buffer zone edging Red China, plus crowds of refugees in evidence in Hong Kong, brought a sobering note to the group's sightseeing.

A Cathay Pacific plane carried them to Manila on the Philippine Island of Luzon, which, since its near destruction in 1945, has been rebuilt in ultramodern style. Nearby the local educator saw the ornate buildings of the University of Santo Tomas, founded in 1600 and used as a concentration center for Americans by the invading Japanese during World War II.

Here were the infamous torture chambers and General Mac Arthur's headquarters, now in ruins.

After visiting Taipei on Formosa, the tourists flew to Tokyo, Japan, where preparations for the next Olympics are in evidence.

Their accomodations were in the new wing of the Frank Lloyd Wright-designed Hotel Imperial. With co-operative weather, Mt. Fuji was viewed, free from fog. Of the many beauties in Japan, the gigantic 42-foot tall Daibutsu Buddha of Kamakura and the unique illuminated electric fountain at Hakone provided lasting and distinct memories for Mrs. Hahn, the latter, perhaps, because it was here that she was requested to appear for dinner in her Japanese kimono, a dinner arranged to honor her birthday so far away from Daly City.

With interest peculiar to the 10 touring ladies, Woodrow Wilson's administrator visited the famous Mikimoto Pearl Island and saw white-gowned women diving to place pearl cages off shore. And with interest peculiar to the touring gentlemen, an afternoon in Takarazuka was arranged which permitted the Californians to enjoy that city's celebrated Girls' Revue.

Ten days after their arrival in Japan, the sightseers headed for home. Honolulu, Hawaii, complete with luau and poi, provided a sentimental last day setting for the touring Bay Area-ites.

Mrs. Hahn, Dr. and Mrs. Humber, and the World Medical Assn. tourists were back on American soil on the eve of Christmas, 1962, with "aloha" in their hearts and fond memories of their very own "Eighty Days Around the World" excursion.

Y-Wives Plan Field Trip

Strictly for enjoyment and to observe new ideas on how to decorate the home, the YWCA's Y-Wives of Westlake have scheduled a field trip to the York Gallery Interiors for Monday.

Four floors of display rooms and a furniture library will be toured.

Participants will meet at the Westlake Bowl's banquet room. The departing time is 9:30 a.m.

Arrangements for a car pool may be made by contacting the YWCA office at 375 South Mayfair avenue, or calling PL 6-7370.

Nursery service will not be furnished on this day.

Bingo Benefit For Playground

The Alice Chalmers Mothers Club will have its annual "bingo" game on Friday at 8 p. m. in the clubhouse at Brunswick and Lowell streets.

This event is the one major money-making event for the playground and the proceeds go toward helping children enjoy the activities at the park.

Prizes will be awarded to bingo players, and refreshments will be served.

Latest Spring Fashions At OLPH Fashion Luncheon

Final reservations will be taken Sunday, January 27, for the fashion show luncheon to be presented by Our Lady of Perpetual Help Mothers Club. Committee members will be located in front of the school hall between the hours of 8:30 a. m. and 12:30 p. m. on that date.

Reservations may be made before that date by telephoning Mrs. Joseph Drew at PL 5-3382, or Mrs. Jack Morgan at PL 5-1173.

The show will be held this year at Del Webb's Towne-House and the latest spring fashions from H. Liebes will be modeled by members of the group.

Mrs. O. Walter Mignault, general chairman, has announced that committee members are busy preparing decorations to carry out the theme, "Gardens of the Shalimar." Hosteseses for the affair will be dressed in beautiful authentic Indian saris.

Mrs. Gerald Perkov, president, has announced that the following members have been chosen to model the fashions at the February 16 event:

Mmes. Anthony Balestreri, Christopher Brown, Andrew Siordia, P. Bandalan, James Halloran, C. Bruno, Howard Cleary, James Guglielmoni, John Mondloch, George Francis, P. Galliano, Richard Leahy, George Knight, Michael O'Malley and Robert Battaglia. There will also be two junior models, Miss Janine Mignault, a first grader, and Miss Karen Hansen, fourth grade.

All proceeds of the show will be for the benefit of the school.

Sharon Goldberg Will Become Mrs. Belloumini

Our Lady of Mercy Catholice Church has been selected for the February 2 wedding of Sharon Goldberg and Fred Belloumini.

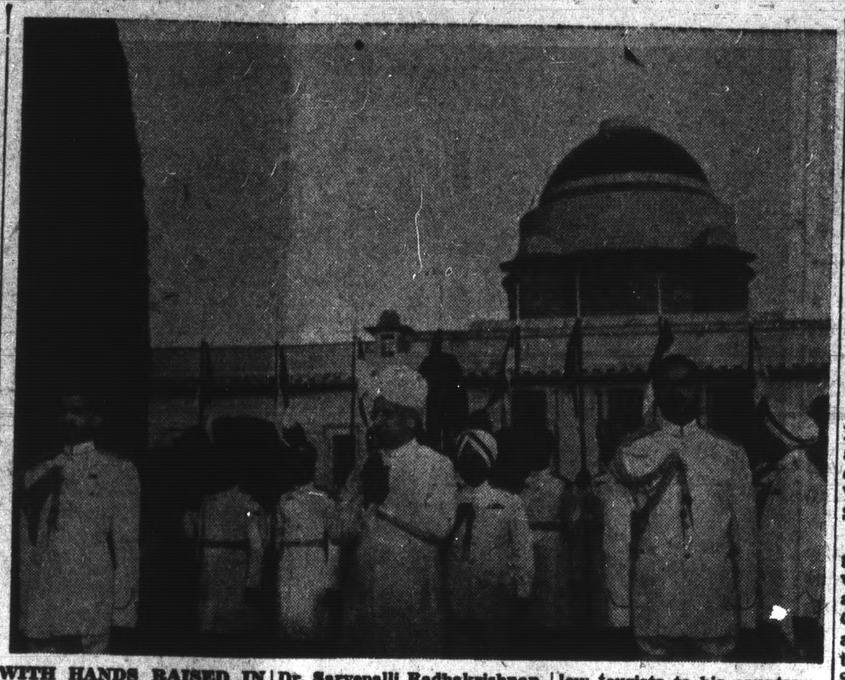
The young couple's engagement was announced by the bride-elect's parents, Mr. and Mrs. Leonard Goldberg of 636 Southgate avenue, Westlake.

Sharon is a 1961 graduate of Mery High School.

Her fiance, the son of Mr. and Mrs. Frank Belloumini of 730 Grafton street, San Francisco, was graduated from Lincoln High School and furthered his education at San Francisco State College.

Following the nuptial mass, the future Mr. and Mrs. Belloumini plan to live in Westlake.

Had Oroville Dam been completed in December, 1955, the Yuba City flood disaster, which cost the lives of 40 people, would have been prevented.



WITH HANDS RAISED IN WELCOME, India's president, Dr. Sarvepalli Radhakrishnan, welcomes Mrs. Hahn and fellow tourists to his country.

A MOMENT OF REFLECTION as Daly City educator, Ethel Hahn, (3rd from rt.) visits the tomb of Mohatma Gandhi at New Delhi, India.

Three Club Names Selected

Selection of club names, announcement of executive council members and the closing of the initial membership drive were the featured attraction at the three new junior teen clubs meeting east of Junipero Serra Blvd. These three clubs, organized and directed under the auspices of the Daly City Recreation department, have just completed a series of four organizational meetings climaxed by the above mentioned items.

With the completion of these routine matters, members of all three clubs are looking forward to a program of exciting, interesting and entertaining meetings. Club activities and its operation are now in the hands of their newly appointed executive council under the guidance of recreation department advisers.

Each of the clubs meet regularly every other Friday evening from 7 to 9 with the next meeting scheduled for February 1. Membership sales for new members will reopen March 15. Club activities until then will be limited to members only with certain additional guest privileges to be announced at club meetings.

Each group of newly appointed executive council members will elect a chairman, vice-chairman, secretary and treasurer as formal officers of the club and will establish a permanent meeting time at which to discuss and plan all club activities and operations.

The following is a list of each club, its name, meeting site, number of active members and names of its executive council:

CASUALIERS — Jefferson Elementary School, 95 members; Madelyn Martinelli, Sue Themoleas, Sue Chiappari, Roy Sanguinetti, Louis Chandler, Jim Tiedge, Gary Boscacci, Alberta Ellis and John Vernazza.

WATUSI WARRIORS — War Memorial Comumnity Center, 97 members; Jim Franco, Ellen Johnson, Carole Snaith, Mary Sgambati, Steve Bowen, Debbie Fore, Kay Kiser, Don Hackett and Bob Banos.

MAJESTICS — Lincoln Park Clubhouse, 67 members; Weda Van Randall, Dan Laird, Sandra Torrez, Joe Torrez, Sue Wong, Bob Landau, Ron Runne, Vera Rendeiro, and Hayward Fontenot.

W'moor Youths To Be Modern Music Masters

Twelve worthy apprentices at Westmoor High will become masters of modern music Friday at formal initiation ceremonies.

Modern Music Masters, the national music honor society under advisership at Westmoor of Howard Loeffler, will greet apprentices Charles Brickley, Rosalie Castano, Stacy Cusulor, Kathy Edminson, June Hansen, and Frances Lewkowitz.

Other apprentices are Bruce Mayo, Sharon Marshall, Darlene Meir, Cathy Moon, Dave Prentice, and Helen Wisler.

Accepted on the basis of scholarship and citizenship, apprentices who carry a C average, and a B in vocal and instrumental, must then pass a written examination on the Tri-M Guidebook.

At afternoon ceremonies the students will be sworn in by president John Picetti and other officers. Ceremonies will be witnessed by members Gloria Moore, Ronald Swedberg, and Robert Stein.

Junior Designers Visit Lenkhurt

Twenty Westmoor High School students will visit the Lenkhurt Electronics this week.

Students visiting the San Carlos plant will become acquainted with the complete process, design, drawing, and engineering of the electronics products, according to teacher Larry Carlson.

Now in their third year of mechanical drawing, the boys have also been recently doing work in metals, including not only design, but actual construction in metal shop.

Members of the drawing board league include Tom Asaro, Rodger Axt, Robert Bellan, Dale Erickson, Richard Fields, Ken Files, John Fuentes, Doug Gomblin, Stan Hommell, and Gary Kattge.

Other junior artists in design are John Kerekes, Paul Kuehheit, Tomm Ottoman, Jim Posha, Len Smith, Robert Tuttle, Gordon Whittington, Richard Williams, Bill Shroeter.

AT OPERA HOUSE — On January 18, Miss Susan Walsh appeared on the stage of the San Francisco Opera House as part of an exciting program being planned for the convention of the Lions International organization. Susan is the daughter of Police Lieut. and Mrs. John D. Walsh of 50 Northgate court, Daly City. She is an honor student at Benjamin Franklin Junior High School, where she earned her block B. F. Susan studies at the Mason-Kahn Dance Studios and is a member of the renowned Masonettes troupe. She has little idle time since she performs for many civic and fraternal organizations and various military installations throughout the Bay Area. Her instructors are Stanley Kahn, dance director of the world famous Ice Follies, and his wife, Pat Mason Kahn.

Jr. Teen Clubs Meet Friday

Preparations are under way for the second night of meetings for the newly formed junior teen clubs organized west of Junipero Serra Blvd., and sponsored by the Daly City Recreation department. Each of the clubs are planning special programs for their next meeting Friday, January 25, from 7 to 9 p.m.

Due to a large turnout at Club No. 3 meeting at the Westmoor Clubhouse, Youth Activities supervisor Alan Boyd has announced that Clubs No. 3 and No. 4 will be combined and will meet at the Abraham Lincoln School multi-use room. Youths living in areas three and four are asked to be aware of this important site change.

Temporary committees have been established at each club to assist the club adviser in planning these second programs as well as the initial series of meetings of each club. Ben Franklin No. 1's committee which meets at the Westlake Park Clubhouse are: Skip Kazas, Don Gehre, Paul Vorsatz, Randy Morton, Michele Mowry, Dave Isely, Paul Molkenbuhr, Dee Dee Friedman, Nancy Mecchi, Chris Bertling, Michele De Vito.

Those assisting at the Ben Franklin No. 2 club which meets in the Ben Franklin School multi-use room are: Gail Land, Pam Zahans, Barbara Kerns, Diana Cimino, Steve McGowan, Bob Ogneff, Brent Biehl, Doug Whittington, Pat Ryan, Elaine Goldman.

Due to the change in plans for Clubs 3 and 4, no committee meetings have as yet been held. Club advisers are planning the next meeting until a temporary committee can be formed from the newly combined group.

Membership applications for each of the four clubs will be taken at the next four meetings of the club. Forms are available at Ben Franklin Jr. High School and membership is open to any 7th or 8th grade student living west of Junipero Serra Blvd.

Meetings are held the 2nd and 4th Friday night of each month at the sites indicated. Activities for each of these groups will include dances, games and party nights, roller skating outings, picnics, etc. Each club is supervised by two members of the Recreation Department's staff and activities are chaperoned by members' parents. Club activities and operation will be planned and organized by each club's executive committee. Club names and operating rules will be determined by the officers under the direction of the Recreation Department staff.

French Drama At Westmoor High

Connoisseure of drama francais is an appropriate reference to fourth-year French students as still more plays constitute class subject matter at Westmoor High School.

Under study to date is Le Cid by Pierre Corneille and based on the Spanish play El Cid which was made into a movie.

The students may often be heard voicing various passages and roles. Conducive in giving the mood of the play and the tempo of the language during an actual theatrical production, are the records of various acts played in class.

Conquering tricky tongue twisters has recently become the aspiration of third and fourth year students. Highlights such as this, singing in French, and playing Password en Francais, provide a light educational stimulus for the amateur Frenchmen.

Required of the fourth-year students this term is the memorization and recital of the fable, "Le Renard et Le Corbeau," or better known as "The Fox and the Crow."

Terra Nova To Elect Officers

By Betsy Morrison

The big news at Terra Nova this week is Student Body elections, to be held tomorrow, January 24. The people who are running are: Rod Kennedy, president; Karen Post, vice president, Carolyn Kaufman, secretary; and Sandy Maule, treasurer. The Commissioners are: athletics, Dan Vincent; publicity, Jim Carr; Cheryl Crisp and Jeri McKinnon, rallies and games; Wilma Halcomb, entertainment; and Pat Bisio, clubs.

Also at that time the class elections will be held, with the following people running for the office of president: seniors, Cheri Ortisi; juniors, Larry Garrett and Eddie Sohl; sophomores, Cathy Booth, Paul Barnhart, and Jeannie Rogers; and freshmen, Ron Weber and Bob Del Bianco.

There is a big sell going on this week. The F.B.L.A. is selling basketball annuals. These books contain vital statistics, pictures and stories of the boys and coaches. They are on sale for 25c and each person who buys one will have a chance to win a Terra Nova Year Book.

Many Seniors have received their scores from the College Entrance Board Exams and a few scored exceptionally high in both the verbal and math sections. They are Barbara Sims, Clayton Derochie, Suzanne Lawrenz, Ken Kirkland, and Karen Post.

Several people scored very high in one of the sections, including Kenneth Hesketh, Elizabeth Morrison, Carol Ross, Jorgan Vindum, and Storm Goranson. Congratulations to these people who have represented our school very well.

Rivera Sixth Grade Tours Coffee Plant

Mr. Luppino's sixth grade class recently visited the Hills Brothers coffee plant in San Francisco. Upon arrival at the plant, the class registered in the company guest book. Then the children were divided into three groups for a general tour.

The groups were shown the company offices and testing rooms in which all coffee beans are tested for taste before roasting. The pupils watched the sorting machines and the huge coffee bean roasters.

The process of packaging coffee was very exciting. The pupils observed new three pound containers being filled for the mid-western states.

Coffee, a major economic crop of Latin America, always proves to be an interesting social studies unit and the field trip supplemented data collected in the classroom. At the coffee plant, each student was given green coffee bean samples, a package of coffee candy, and instant coffee for home use.

Tom McCormack, student teacher, accompanied Mr. Luppino and the pupils on the trip.

Westmoor Youths Tour NSMD Sanitation Plant

A group of Westmoor High students recently experienced some pipe troubles of their own, mainly, how to thread their way through the labyrinth of green, blue, and yellow pipes veining the structure of the North San Mateo District Sanitation Plant.

The eight students arranged to tour the plant January 4 to supplement study of simple organisms and biological conservation. The group included Bill Blum, Rusty Cohen, Mike Keelen, Keith Longueville, Dennis Macango, Terry Pope and Ron Wagner. In the interest of science, Stephanie Lenehan consented to accompany the group.

Nearly all were surprised to learn that the plant, built at a cost of $500,000, can handle 80 gallons of waste per person per day, though it now runs at a capacity of 55 gallons.

The hilltoppers watched as the material was filtered through "griters" and removed to three 10,000 gallon sediment tanks. The remaining solids stood for two hours and were then transferred to a 100,000 gallon tank for bacterial decomposition, which releases methane gas. Because the organisms must be kept at a temperature of 95 degrees, the methane is bottled and used as fuel for the tank's gas furnace.

Remaining water is treated with chlorine and is disposed of via an ocean outlet.

Editing Class At CSM Night Sch.

A new seven-weeks course especially tailored to fit the needs of all people who have to get things into print is being offered by the Evening College of the College of San Mateo next semester, beginning January 29. The mimeographed church bulletin, the industrial house organ, and the club secretary's news release will all come under analysis and discussion in "Editing Material for Publication," scheduled for Tuesday from 7 to 10 p.m. in Room 121, Hillsdale High School.

Built around lectures and demonstrations on the editorial process, the principal emphasis of the course will be on the writing of effective and accurate copy.

Instructor is J. Wilson McKenney, editor of the CTA Journal of the California Teachers Association and past president of the Northern California Industrial Editors Association and State Education Editors. Registration takes place with the instructor at the first meeting of the class on January 29. The registration fee is $2.

Westmoor High School Awarded Coveted 'Good Will' Trophy

Good Will Industries' second "Good Will" trophy will soon be presented to the Westmoor High School student body in reward for their work during the annual Christmas clothing drive. The only other recipient of this award was the organization's founder for his efforts to help the handicapped.

Because of Westmoor's 4,000-pound donation to Good Will, the employees at the Industries were given from $25 to $125 bonuses at the end of the year.

Class competition stimulated the drive, which grew to be the greatest in the school's history. Good Will has also asked for the names and addresses of contributors in the school so that they might be presented with the Good Will button, in appreciation of their work and concern.

What Is Happiness? — Kiddies Tell Us

Have you read "Happiness Is a Warm Puppy?" If so, you know what happiness means to Schultz.

Two classes at Vista Mar School recently discussed and illustrated what happiness meant to them.

To some of the second grade children in Miss Susan Shaffer's class, happiness meant the following:

"Happiness is fun in school" — Barbara Madrid.

"Happiness is staying in bed" — Clark Pratt.

"Happiness is skiing"—Gregory Taylor.

"Happiness is shooting without missing" —Michael Mountanos.

"Happiness is winter and snow"—Stephanie Lucas.

"Happiness is winning games" — Patty Drye.

"Happiness is playing scrabble with my neighbor"—Tom Narcisso.

"Happiness is my birthday"—Peggy Nihil.

Miss Karen Anderson, a student teacher from San Francisco State College, also worked with Mrs. Jeane Oberlander's fourth grade class, expressed their idea of happiness:

"Happiness is having a hand" — Danny Pulizzano.

"Happiness is when you build a tree house"—Ross Rossi.

"Happiness is getting a letter" — Connie Garber.

"Happiness is walking on the grass in your bare feet" — Debra Galway.

"Happiness is a pet dog" — Jim Musslewhite.

What does happiness mean to you?

Two Jefferson Students Named To Teen Executive Council

The Hi-Fi Teen Club's executive council announced the appointment of John Fernandez, Jeff High senior, and Toni Matteucci, Jeff High junior, to the council as replacements for Darryl Crist and Kay Loeser, who both resigned.

Each of these new appointments are on a probationary basis and will become permanent in two months.

Last Wednesday's teen club activities featured some exciting relays between club members. Huge decorated cakes were awarded to winning teams in these activities planned by the club's program committee under the direction of chairman Toni Nemia.

At its executive council meeting Monday evening, members of the council continued their development of a revised constitution and a new set of by-laws to govern the operation of the club. Final adoption is expected within the month.

Ray Marshall, executive council chairman, reminds all members that:

1. Pictures are now required on teen club cards for admission to all activities.

2. New cards and pictures will next be sold and taken Wednesday, February 6, for prospective members.

Jeff Elem PTA Plans Founders Day

"What is Your Life, Little Jeff?" will be the theme of the Founders Day PTA meeting on Tuesday, February 5, at 7:30 p. m. in the multi-use room at Jefferson Elementary School. It will be dedicated to the school's alumni.

Among others, there will be prominent alumni and former teachers, and a collection of photographs dating back to 1917.

Refreshments will be served at the close of the meeting by the fourth grade mothers.

South SF Youths In New PE Innovation

said Donald Guthrie, physical education department head.

The boys were classified according to the scores they received in their physical fitness test. This was given to all boys during their gym classes. It consisted of five events encluding sit-ups, burpees, roll-ups, broad jump, and a 220 yard dash.

On the basis of the test, juniors, sophomores, and seniors were divided into three groups for each gym period.

"With this new system we hope to help the boys become better athletes and more physically fit," commented Guthrie. "This will also bring about rivalry between classes in the gym periods," he added.

He pointed out that new double colored "T-Shirts" are very useful when playing games, such as football, basketball, and soccer in distinguishing the players of each team.

"I have never seen such rivalry between gym classes. During my gym period, classes try to out-yell each other while doing calesthenics," said John Canabou, a junior, who proudly wears a blue 'T-shirt' as a mark of P. E. accomplishment.

A new merit system for physical education students has been established at South San Francisco High School by the Physical Education department.

"Under this new system the boys in the gym classes will get a chance to be with boys of their own physical ability,"

Girls' Y-Teen Club Opens at Ben Franklin

The YWCA is offereing a Y Teen Club for girls at Ben Franklin school. All 7th and 8th grade girls are invited. Affiliation with a Y Teen club means fun and fellowship and a chance to be part of a world-wide organization in which the Young Women's Christian Association resides.

Plan to come to the music room at Ben Franklin School at 3:45 p.m. Wednesdays, beginning today, January 23.

Bayshore PTA Leads 'Mothers' March

Gardener's Checklist

1 — Roses, fruit trees and many flowering shrubs should be pruned now. If you're in doubt, ask your nurseryman's advice.

2—Set out calendulas, Iceland poppies, pansies, violas and fairy primroses for late winter bloom.

3—Stay off the grass when it's wet. Mowing when it is soggy usually does more harm than good.

4—Set out plants of florists cyclamen for immediate bloom. You'll find them in pots and by the flat in nurseries now.

5—Sweet peas may be planted now from seed. They are happiest with an early start so that they germinate while the weather is still cool.

THE SACRAMENTO SCENE

Capitol News Service

SACRAMENTO.—Governor Edmund G. Brown, during the long 1962 campaign, repeatedly pledged there would be no new or higher taxes in 1963 but made it clear last week he had said nothing about "different" taxes.

Brown's director of finance, Hale Champion, proposed that the state collect millions of dollars a year more in taxes by imposing a withholding tax on personal income after July 1, 1964, as well as requiring banks and corporations to pay their taxes semi-annually. In addition, insurance tax would become payable quarterly instead of annually.

"Another feature would be greater conformity with federal gift tax and expense account regulations," Champion said.

While no estimates of additional revenue were included in Champion's announcement, he said it would bring in millions of dollars a year that now are lost from people who work in California and move before the end of the year. Champion said the withholding system also would solve the present problem which finds general fund revenues low during the first half of a fiscal year, and expenses high, which requires borrowing from reserve funds..

THE NEW BUDGET, to be presented to the legislature about February 4, will include $193,512,642 for state water project construction, more than double the $87 million in the current budget and the highest single-year investment in history. Of the total, $156 million will come from sale of water bonds, the first to be sold. The budget will include $46 million for Oroville dam, $16 million for south bay aqueduct, $11.9 million for north bay aqueduct and $41.5 million for the San Luis project.

CALIFORNIA'S SHARE of the all-time record high $99 billion budget submitted to Congress by President Kennedy has been estimated at about $11.1 billion by the California Taxpayers' Association. The association said California's share of the various programs will include $7 billion for defense, international and space programs, and $4.1 billion for the "civil benefit" programs of the government, as well as payment of interest and cost of government activities.

ANOTHER ATTEMPT at gaining approval of a $150 million bond issue for acquisition and development of state parks and beaches will be made by Senator Ronald G. Cameron, D.-Auburn. Cameron said he also may seek a temporary loan of $25 million to finance purchase of proposed beach and park sites which might be unavailable when bonds could be approved in 1964. Meanwhile, Assemblyman Robert T. Monagan, R.-Tracy, said he is working on legislation which would set a ceiling on how many bonds the state could sell.

THE SOCIAL WELFARE board's days may be numbered as far as its policy-making powers are concerned. The special study commission on social welfare appointed by Governor Brown, as well as a report to a Senate committee, have recommended the board be stripped of such powers. Both reports were highly critical of the present welfare administration, saying there is more concern with a dole system than on any rehabilitation of the welfare recipients.

Three boys no older than 15 are included among the 2,195 recipients of the Medal of Honor awarded by the United States Army during the past 100 years.

Sen. Kuchel Named Assist. GOP Leader

With the opening of the 88th Congress on January 9, California's senior United States senator, Thomas H. Kuchel, began his 11th year in the nation's legislature and his third term as assistant Republican leader.

Senator Kuchel, who was re-elected for another six years last November 6 with a majority of 724,081 gained by carrying all the state's 58 counties, was unanimously designated again by his Republican colleagues as whip, the second place in the minority leadership, at a party caucus just before the 1963 session convened.

By virtue of his long service, the senior California senator now ranks 34th in seniority among all members and is the 11th highest Republican in seniority.

Kuchel is the ranking minority member of the Interior and Insular Affairs Committee, to which he has been assigned throughout his tenure, and stands fifth on the Republican side on the Appropriations Committee.

Younger Named California Vice-Chairman

Congressman J. Arthur Younger of San Mateo last week was elected vice-chairman of the present 37 member California Congressional delegation (first district vacant), composed of 13 Republicans and 24 Democrats.

Harry R. Sheppard, Democrat from Yucaipa, 33rd district, San Bernardino County, was named chairman.

The entire delegation meets regularly to discuss California projects of a federal nature that requires legislative action.

Younger, a member of the powerful Interstate and Foreign Commerce Committee and a member of the sub-committee on Power and Transportation, has been an active member of the California delegates' committee since going to Congress ten years ago.

Vet Home Loans Show Decline

Veteran home loan applications showed a decline during December, Glenn Corbitt, manager of the Veterans Administration's northern California regional office, reported this week.

Home loan applications received by the regional office totaled 1,013 during the month of December, compared with 1,292 in November.

Appraisal requests for units of proposed construction increased from 921 in November to 1,064 in December. Appraisal requests for existing houses declined from 770 in November to 614 in December.

One Week Left for Alien Addresses

The United States immigration and naturalization service reminded all aliens in the San Francisco district area this week that only one week remains in which non-citizens must file their annual address reports as required by law.

Ralph H. Holton, district director, pointed out that address report forms are available at the nearest immigration and naturalization service office and at all post offices for the convenience of non-citizens required to report their addresses to the government each January under a provision of the Immigration and Nationality Act of 1952.

Kennedy's favorite fish chowder. For further information call Mrs. Riccomi, PL 5-1992 or Mrs. Armando Chelone, PL 5-3686.

San Mateo County Bond Head Urges Savings Bonds for Refund

If you're in line for a refund on your 1962 federal income tax return, George A. McQueen, county Savings Bonds chairman, has a word for you. Two words, in fact: Buy bonds!

This year, for the first time, McQueen points out, Uncle Sam is making it possible for you to take your refund in Series E Savings Bonds by the simple expedient of putting an "X" in the appropriate box on the tax form.

Last year, some 40 million taxpayers received cash refunds on their taxes. Judging from samplings of opinion, a lot of them would have preferred to get their money in Savings Bonds if they'd had the chance.

McQueen wants to make sure any of them who live in San Mateo County know they now have that chance.

The way the bond option works is simple. The treasury will issue the smallest possible number of E bonds of the largest denominations to cover the amount of the refund. If there's anything left over, a check will be written for the balance. The one complication comes if the cash balance is from one to 99 cents, since the check-issuing apparatus can't handle anything less than a dollar. Details are given in the instructions.

What about joint returns? McQueen gave the answer to that one, too. "John and Mary Smith" on the tax return becomes "John OR Mary Smith" on the bond registration, making them co-owners.

Gardening Class Offered By CSM

Six popular Home Gardening and Landscaping classes offered by the Evening College of the College of San Mateo will open with registration and planning sessions at four convenient locations in the county during the week of January 28.

All interested adults are eligible to attend and should register at the first meeting of the class of their choice. The registration fee is $2.

Held weekly in San Bruno, Half Moon Bay, Redwood City and the Delaware campus of the College of San Mateo, these classes offer an unusual opportunity to home gardeners with landscaping and garden maintenance problems, as well as to those interested in gardening and flower growing as a hobby, for learning the latest principles and practices in home horticulture for maximum success and economy.

For further information, call DI 2-1421.

Pension Changes Aid Vet Widows

Floyd D. Granger, San Mateo County veterans' service officer, this week reminded widows of both World War II and Korean Conflict veterans that they might be eligible for widows pensions due to several changes in law over the past three years.

"If widows have been denied pension at any time up to the last year or two," said Granger, "they should re-apply now to see if they qualify for the pension."

The veterans service officer said changes in the pension laws had been publicized over the past two years, but that there still may be widows who do not know of the available pensions.

Granger urged that all inquiries be taken to the San Mateo County Veterans' Service Office at the courthouse in Redwood City. Initial inquiry can be made by phoning EM 9-1441, extension 221.

Locals Elected To United Fund Board

Webb L. Witmer, representative of the health plan, Kaiser Foundation Hospital in Oakland, was elected president of the United Fund of San Mateo County, a member fund of the United Bay Area Crusade, at the annual meeting of that organization on Tuesday evening, January 15.

Elected chairman of the nominating committee for the new year was Mrs. Irving Eskins of San Carlos. Non-board members elected to this committee were Mrs. Forrest Cunningham of Daly City, Mrs. Joseph H. Fassler of Pacifica, and Mrs. Charles M. Gray of Menlo Park.

Board members elected were L. J. Bardsley, R. W. Blaisdell and Mrs. Charles N. Robertson.

Dolwig On Four Committees

SACRAMENTO. — State Senator Richard Dolwig has been named to four standing committees for the State Senate.

Dolwig will act on committees for Governmental Efficiency, Judiciary, Public Utilities and Transportation.

Out of the 20 standing committees of the Senate, Democrats were given 16 chairmanships and Republicans four.

Senator George Miller, D.-Contra Costa, retains chairmanship of the Finance Committee, which handles the governor's budget, and Senator Luther Gibson, D.-Vallejo, of the Government Efficiency Committee, where many important bills are sent. A Republican, Senator Don Grunsky, R.-Santa Cruz, retains chairmanship of the Revenue and Taxation Committee, which handles bills pertaining to increasing the revenue of the state.

A Swamp Of Ignorance

In expressing alarm over "a lack of public understanding of our economic system which is so widespread that it threatens the existence of the system itself," Robert C. Gunness, executive vice president of Standard Oil of Indiana, recently told an Oklahoma City audience that only five percent of our high school graduates have ever had a course in economics, while the situation is only somewhat better in our colleges.

Is it any wonder, he asked, that we have a public that can be led hither and yon in economic matters by anyone with a plausible line? Recent public opinion surveys, for example, show that:

A majority of Americans believe every corporation makes a profit every year, although a third actually show losses according to the Internal Revenue Service.

The average public estimate of profits is 20 percent of sales—while the actual average for the past decade is about four percent.

Forty percent are nevertheless convinced profits are somewhat too high, and an even larger group thinks net profits are higher than wage payments—whereas wages exceed profits by about a four-to-one margin.

It is even more alarming to note that today only a minority of the public places competition ahead of regulation in maintaining fair prices, he said, and only 39 percent of Americans oppose rigid Government regulation of business. In his words, "the beneficiaries of the most successful and productive economic system ever developed seem to be willing to throw it out the window."

We are wallowing, to use the Gunness metaphor, "in a swamp of ignorance." We have not, as a people, "been exposed to economics at all in any meaningful sense." Only a "frontal attack on economic illiteracy," he suggests, can save us; and it can best begin at home, in our own community.

It is high time to ask what we intend to do to prepare our own kids in our own schools to understand and use and protect their economic freedom—the keystone of all the other American freedoms. And what are we adults doing in our study clubs and discussion groups and churches to safeguard this freedom for the next generation?

Where's The Money

The pattern is clear. From the power centers of Washington, D.C., and Sacramento, California, the word is that taxes are going to be lowered, not raised, and that government expenditures are going to be raised, not lowered.

Both President and Governor are offering a variety of new spending programs. The President proposes to finance his by cutting the income tax; the Governor says he will honor his "no new tax" campaign pledge and that something must be done to relieve the property tax payer.

In this Alice-in-Wonderland atmosphere, there are a few voices of common sense to be heard, to be sure. Democratic State Senator George Miller, for example, asks: "It's nice to make local property tax payers happy but where are we going to get the money?"

If the past is prologue to the future, the answer isn't too hard to discern. We'll get the money by cheapening the value of what we already have, by a new round of inflation, by dipping in the pockets of pensioners, widows living on annuities, and old-fashioned frugal folks who try to save for their old age.

A Rose By Another Name —

Secretary of Agriculture Orville Freeman wants to create a new image for the U. S. Department of Agriculture. He says the name is too prosaic and doesn't give a complete enough picture of the Department's far flung activities. He'd like to change the name of the agency to "Department of Food, Agriculture and Rural Affairs."

We think the Secretary has a point, and that he ought to carry the point further, by giving apt designations to the various Divisions within the Department. Such as the Division of Payments for Not Growing Crops, the Division of Selling Crop Insurance Below Cost, the Division of Competing with Private Business in Generating Electricity, the Division of Storage Facilities for Rotting Surpluses, and the Division of Research to Create even Larger Surpluses.

After all, the Agriculture Department is one place where a spade ought to be called a spade.

The View From .. Behind The Badge

Written and Edited by Daly City Police Department

Information Received . . .

Patrolman Doran, on patrol of his beat, becomes aware of a situation which he decides to explore more closely. He does so explore, and he concludes that his information may bear merit. He reports his actions and his information to his properly appointed superiors.

Doran thinks he knows the location of an armed robber. The information is not of the type which necessitates immediate action, and as a result it is laterally communicated to the detectives.

Doran goes off his watch at midnight, and comes back the next morning. It is his case, and it is his privilege to work along on it if he so desires. He meets with Sergeant Terry, who specializes in all robbery investigations, among other things. Together, they investigate further, and determine that the situation has merit.

Terry gathers up three detectives, and the five men proceed to the location where they believe the thief to be staying. This is a case concerning a number of felonies, and the man is a paroled felon, and they have good information as to his whereabouts. It is the duty of these officers to "go forward," as they say, with or without a warrant.

First Visit . . .

The five officers surround one house, and two of them achieve entrance by legal means. The place abounds in filth and dirt and garbage and the accumulation of many years of bad housekeeping. A fully clothed man is asleep in what passes for the front room. He is awakened, searched, and identified.

The other officers also enter the abode. A second man is arrested, at gunpoint, sleeping in a room with a woman and a little boy. The woman is the ex-girl friend of Angel Lopes, he who was killed by shotgun blast this past year.

Everyone is innocent, they say. The two men are carted to the station for further investigation of the felonies in mind. The investigators are unsure as to whether they have the prime suspect, however, and investigate further.

They are able to obtain another address. Their man is cohabiting at an address across the street. He is staying there with a husbandless mother of five. She works for a living. He robs for a living. At this time of day she will be away at work. The children are babysat with somewhere else. The officers go to the address, determined to enter.

Second Visit . . .

The second place is an apartment in a new building. The officers survey the situation and again effect an entry, legally. Three men enter while two cover the outside. The first officers arrest, at gunpoint, two young men who do not reside at this place.

Detectives Sheehy and La Bruzzo then enter and help to search further. La Bruzzo discovers the third man in the apartment hidden in a linen closet. The suspect perspires with abandon, for he has been in the closet for some time; he has been there, in fact, since first spotting the officers make the place across the street.

During this first, hot, interrogation, the man talks. Yes, he made ten or eleven places by means of armed robbery in the past two weeks or so.

It seems that he has done time for burglary, and more for escape, and has been on parole for just over a month. He has been in Daly City for about three weeks.

The officers recover two guns. One is a toy, looking much more deadly than the .38 caliber miniature Chief's Special revolver which are wielded with so much restraint by these same detectives.

The other weapon is the ubiquitious .45 caliber U.S. pistol, a semi-automatic military hand weapon.

Further Investigation . . .

At the station the detectives play the "Musical Room" game. This means that all hands are kept separate by utilizing the premium spaces in the City Hall.

At one point, three San Francisco detectives, Lieutenant McInerny, Inspectors Birdsall, Casey and Dyer, arrive, for some of the robberies belong to them. They interview the suspects after our own police do. To accommodate these brother officers, Sergeant Terry has to appropriate the Council Chambers for suspect and officers. It is quite tedious, operating without an adequate police station.

The Admissions . . .

Eventually, the suspects cop out. San Francisco clears nine armed robberies of liquor stores, gas stations, and the like. Our people clear two—the armed robberies of a gas station and a market.

The cases are closed. Now Doran and Sergeant Terry, and Detectives Sheehy and La Bruzzo can start preparing their court cases. Jerry Ragan, deputy district attorney, will enter the act for this purpose.

This is one small example of how intradepartmental cooperation will work toward the common, broader goal.

The Deadly Weapon

Got half a minute? Then it would be wise to use it getting your auto license plates. At least that's the length of time Tom Bright, State Vehicle Director, says it will take the average owner to get his new yellow-on-black plates . . . if. If he does it now. Deadline, of course, is February 4, and the nearer it comes to that date, the longer it will take to wait in line; even though plates will be distributed through 142 Motor Vehicle Department field offices, some 60 part time stations, 140 banks and 150 auto club offices.

And while you are getting your plates it would be well to consider the tragic fact that California motorists led all the nation again over the holidays in killing themselves and others on the highways. Autos are deadly weapons, in some hands. The licenses are permits to use them legally, not lethally.

Letters To The Editor

January 11, 1963

Dear Sir:

We are getting very tired of cleaning up our front lawns after some dog does his big business. Instead of finding stools near the edge of the lawns, now the dog and/or its owner has become bold by leaving them near our garage door or front door steps. Sometimes we find them around our large lawn nearest to the windows.

What is the sense of toilet-training our children if dog-owners do not train their animals? We all might as well have a field day ruining other peoples' properties, not to mention the health of innocent pre-school children who are romping around their or their neighbors' front lawns.

My two small sons, aged 1 and 3 years old, like to play outdoors and when they become concentrated in their play, they do not remember the warnings of staying away from dogs' stools. So, next thing you may imagine their small hands are dirtied with them. Then they may wipe parts of their face and/or body with their dirty hands or even use them to eat a cookie or something. Consequently, their health is impaired and mental anguish of parents is magnified. All because animal owners do not exercise respect and regard for their neighbors' welfare.

There is one particular dog who sometimes likes to use our lawn for toilet in the evening, running without a leash or owner. We approached him but he quickly disappeared to his owner's home. Also there are dogs walking without leashes but with their owners who do not refrain their animals from using our lawns as toilet.

Would it help if we install such apparatus out there for their use?

I wish dog-owners would please show better consideration for others. I am sure they do not wish their lawns dirtied with dog stools. Then why give them to your neighbors?

One of your neighbors,
Mrs. Ruth Young
Daly City, Calif.

Dear Editor:

It is not too often that the Daly City Police Department gets a "pat on the back" but we would like to take this opportunity to do so.

Upon receiving a call from our principal, Mr. D. M. Pagani, Officer David Johnstone was at the Margaret Pauline Brown School the next day to have a Safety assembly with the faculty and students.

Officer Johnstone discussed the dangers the children should be aware of in crossing streets and showed a film on safety precautions. After the film, he answered questions asked by the children and was very well received by all present.

Our thanks again for both the promptness and thoroughness projected by the Daly City Police Department through Officer Johnstone.

Sincerely
Mrs. Don Aron

Affairs Of State

By Henry C. MacArthur

SACRAMENTO. — About the only analytical conclusion that can be made on State Director of Finance Hale Champion's state withholding tax proposal is that it carries out the socialistic concept of the state administration. It is one more step in the process of lulling the public to sleep as far as the expenses of government are concerned, and in addition, would pull the wool over the public eye as to how much taxes an individual pays.

In addition, the proposal contains discriminatory sections against the individual who is not on a payroll in that it eliminates his present right to pay taxes in installments.

It has long been contended that if the taxpayers of the nation were forced to pay taxes once a year, instead of having money withheld from their pay checks, there would be one great rebellion come April 15. Generally, the public does not realize how much of the money it earns is siphoned off by the federal government.

Thus, instead of making the public tax conscious, withholding serves only to provide an opiate against interest in where the money goes. The theory is that what the people never have, they never miss.

Likewise, the Champion proposal constitutes one more chore on business, a chore that is costing the industry of the nation untold millions of dollars in bookkeeping, accounting and legal costs. There is no recompense to the businessman for these costs. Of course, they can be deducted as a business expense, but in the final analysis, business pays the bill.

Now the state wants to add to that cost in forcing the employer to add to an already complicated bookkeeping system to collect taxes for free for the state. And at the same time, the state wants to discriminate against the employer by taking away his privilege of paying his own taxes on the installment plan, despite the fact that the economy is geared to this plan.

The federal government is discriminatory as well, as it refuses to allow the taxpayer to use federal deposit slips to pay income taxes, even though it forces the employer to buy these slips to pay withholding tax bills.

Champion calls his suggestions a "major tax reform" and declares they would "close loop-holes which would increase state revenues without raising taxes." Admittedly, the state administration is desperate for new revenue to bolster its program of spending public monies on its so-called "liberal" programs. And Governor Brown is reasonably concerned over his campaign promise not to invoke new, or increase current taxes.

The administration once again seeks out the businessman as its pigeon, dreams up a series of proposals which could cost business additional millions, and plans to continue its spending without consideration of any plans to eliminate the fat in government operations.

The legislature two years ago turned down the state withholding tax proposal, but there is a question this time as to whether it can be defeated, with the Brown administration in real power.

Something For Everyone

Today's best sellers as listed by the Publisher's Weekly are "Fail-safe" by Eugene Burdick and Harvey Wheeler; "Seven Days in May" by Fletcher Knebel and Charles W. Bailey II; "A Shade of Difference" by Allen Drury; "Genius" by Patrick Dennis; "The Thin Red Line" by James Jones; "Ship of Fools" by Katherine Anne Porter; "One Hundred Dollar Misunderstanding" by Robert Grover; "The Passion-Flower Hotel" by Rosalind Erskine.

Some of these books are worth the attention of serious readers — others are not. Most of them are no better than many others that have just been printed. Surely some are not as good.

These represent a wide variety. "Fail-Safe" is a frightening book of serious propaganda that is intended to shock the reader into awareness of the awful gravity of these times when even an accident can start a nuclear war.

"Genius," by Patrick Dennis, on the other hand creates a wild and farcical scene in Mexico City. It is peopled with a horde of unlikely characters from Internal Revenue agents to bland movie stars with seedy ex-wives.

"Ship of Fools" is a serious novel about people on a German ship. The time is shortly before World War II. The people represent many nations and many types. The story grows out of the interplay of these characters as they live through little plots and involvements.

"One Hundred Dollar Misunderstanding" has been called one of the wittiest and best written novels of the season. Yet it presents a problem to some people. Perhaps some people should not read it. It is the story of a 14-year-old Negro prostitute and a shallow college sophomore."

"The Passion-Flower Hotel" is another book that will be a problem to some people. It has received some rather bad reviews. It tells of upper-class British girls and boys who are driven by greed and curiosity and sexual yearnings to do some outrageous things.

"Shades of Difference" is Drury's sequel to Advice and Consent. The characters who lived through the first book are present in the second. The setting this time is in the United Nations.

In "The Thin-Red Line," James Jones has returned to World War II. This time to tell the story of an army rifle company on Guadalcanal. All of Jones' trademarks mark the story.

"Seven Days in May" is a thought provoking novel that should be read by American citizens. It calls for a complete review, and it must be treated later.

FLEDGLING BLUE BIRDS—During the holidays, the Fledgling Blue Birds of Westlake gave the children at Shriners Hospital for Crippled Children eight dolls that they had made as their holiday project. The girls are now planning to visit many interesting San Francisco landmarks as they begin to learn of the San Francisco and California heritage. The group is one of a very few in which the mothers attend the meetings with their daughters. This is a very enriching experience for the very young Blue Birds and their mothers. The children belonging to the group are Sharon Cohen, Cynthia Piconi, Melanie Spiegelman, Tammi Walters and Debbie Wilson.

top of the hill

By ARTEMUS BIERCE

Our old friend Rufus Bogus dropped into the office yesterday with one of his new promotion schemes. This exploit seems to top all others, some of which included "selling Manhattan back to the Indians for $25," "Pushing Scotch and bourbon popsickles to teen-age alcoholics," and "Selling the pro-grid endorsed portable tote board for the home bookie joint."

This new gimmick of his works on a subscription basis, just like a magazine.

"What I do, Artemus, old buddy, is sell people the avant garde before it is avant garde. This gives them a jump on the other people in society," he muttered to us.

"Everybody likes to be with the 'in' group—you know — be with the style, such as wearing wigs, ivy-dress, doing the twist. And really makes people admire you is when you set the prototype — makes you a sort of conformer of the conformists," Bogus replied.

"Now you and I both know that Daly City, or the whole West Coast for that matter, lags several months behind the 'ins' which are established on the East Coast." The beatnik fad was our last original artistic contribution to the 'in' society," said the wise old Rufus.

"Here is my plan," said Rufus opening his ivy-league brief-case. The people subscribe to my service, for a nominal fee, and this area becomes known for its contributions to conforming society," said the wheezing Rufus. (He told us he was wheezing because asthma was going to be the "in" disease this year.)

"Here is a sampling of what folks might expect if they join my swinging subscription club," the promoter said.

"Disregard the twist (that's 'out') and start taking limbo and trampoline lessons (that's 'in').

"Cancel subscriptions to all popular slick magazines (they're 'out') and subscribe to the 'Realist' (that's 'in').

"Remove pictures of Rock Hudson and Marlon Brando (they're 'out') and replace with life-like autographed photos of Cassius 'I'm the greatest' Clay (he's 'in').

"Ditto with pictures of Frank Sinatra and Dean Martin (they're 'out') and replace with pictures of Frankie Avalon (he's 'in').

"Get rid of all Cuban-made cigars (they're 'out') and replace with Mexican Peyote buttons (they are way-out 'in').

"Discard your NAACP card (that is 'out') and replace it with a membership in the Black Muslims (that's 'in')

"Later on the evening cocktail parties (they're 'out") and replace with those early afternoon cocktail bashes (they are 'in').

"Discard the high bouffant hair-does and short skirts (they are 'out') and replace with the bell-bottom slacks with buckles on the cuffs (they are 'in').

"This is just a preview of my new promotion which will put the West Coast on top," said Rufus. "And I really have to be going now," he replied, grabbing his limbo stick. "Remember, we'll all be original if everybody sticks together and nobody will be original if everybody is individual," he exclaimed as he rode out of sight on his pogo stick.

We have tried to be "in," but I guess some people never make it. Oh, well, back to our one-car garage pad in the cobblestone alley overlooking the city dump — maybe some day that will be "in."

SM County Crippled Children Center Opens

Dedication ceremonies and an open house to which the public is invited will mark completion of the new addition to the Rehabilitation and Research Center of the Society for Crippled Children and Adults of San Mateo County, located at 1764 Marco Polo way in Burlingame, directly behind the Peninsula Hospital.

The open house will be tomorrow, January 24, from noon to 7 p.m.

Adding 5,400 square feet of working area, the expansion will make the center the largest and finest Easter Seal facility in the entire Bay Area.

EXPANDED CRIPPLED CHILDREN CENTER — Entrance to newly enlarged Rehabilitation and Research Center of the Society for Crippled Children and Adults in San Mateo County which almosts doubles capacity. The addition was built at a cost of $185,000 and about $40,000 is still needed in contributions. Operational funds come from the annual sale of Easter Seals. The center is located at 1764 Marco Polo way in Burlingame and serves the 14,329 handicapped citizens of San Mateo County.

The affair will enable the public to see the outstanding work done by the center and its staff of therapists.

Leading attraction among those who have watched progress of the building construction is the new hydrotherapy pool, with complete equipment for allowing handicapped persons to utilize the pool in complete safety, including a lift that places the patient in the pool and lifts him out.

The new center represents a tremendous step over the last decade when just 12 years ago the late Samuel D. Merk, noted county publisher, first established the Crippled Children Center in the stables of the old Carriage House attached to the famed Ogden Mills mansion on the Mills Estate.

The new facilities provide increased room for handling more patients, all a part of the more than 14,000 handicapped persons residing in San Mateo County.

The speech therapy area has been greatly enlarged so that the trained therapists at the center can take care of additional children and adults who critically need this service.

The new addition primarily consists of enlarged physical and occupational therapy areas. The rehabilitation workshop has a new pre-vocational evaluation area. It is equipped to fit handicapped persons for jobs in Peninsula industrial plants which cooperate by providing work in specific categories. Handicapped persons during training, perform work for which they are paid a reasonable wage assisting them to become useful, producing citizens of the community through performance of worthwhile tasks. Electronic firms have been particularly helpful in providing this type of work for the center.

Social and phychological services are a part of the rehabilitation program coordinated with the various therapies at the center to do a greatly improved job.

Speech and hearing therapy, which has become one of the most active services at the center will have new equipment and room for more patients. This department has enrolled scores of both children and adults with speech and hearing problems. Adults who have suffered strokes often find that regaining normal speaking ability is one of their major problems. The results achieved in this department have been outstanding.

A complete new area has been established for the center's pre-nursery program for cerebral palsied children which is carried on in cooperation with the United Cerebral Palsy Association.

Specialized physical therapy, occupational therapy and speech therapy helps these children toward normal use and function.

In addition to the fine facilities for aiding the handicapped, the center also now has an area providing off-street parking for more than 400 cars per day. A special entrance is provided so that patients may leave their car in front of the door and enter the center directly, eliminating previous traffic problems for the handicapped.

Landscaping for the building has been provided by the Hillsborough Garden Club, making it a highly attractive addition to the area.

Total cost of the new addition and equipment is $185,000 which has largely been contributed by individual citizens, business firms, civic, fraternal organizations, and a grant of Hill-Burton federal funds, as allocated through the state of California.

About $40,000 in additional funds is needed to provide equipment and to cover the higher operating costs of the enlarged facility.

Any person or group wishing to make donations should forward checks to Easter Seal Society, 1764 Marco Polo way, Burlingame, or care of their local postmaster.

Sale of Easter Seals is the main income covering normal operating costs. Seals are mailed prior to the Easter season to every family in San Mateo County.

At the dedication and open house, St. George Lafitte of Menlo Park, president of the society, and members of the county-wide board of directors will be on hand to greet visitors.

Hostesses will be members of the auxiliary of the society, headed by Mrs. Charles W. Homer of Atherton. Refreshments will be served.

Chinese New Year To Have Massive Parade

A massive, two-hour parade will wend its way through San Francisco's famed Chinatown on February 9, as a quarter of a million revelers usher in the Chinese Lunar Year 4661. The ceremonial parade, which winds up a week-long celebration, heralding the year of the Hare, will be televised by ABC-TV and seen in 80 million homes.

Entries from parade units all over Northern California are pouring into the Chinese New Year Parade Director's office.

The 600 member uniformed parade unit of Northern California's Islam Shrine Temple will perform in the Chinese New Year's Parade for the first time in the history of the event.

Other units that have accepted invitations include San Francisco's famed St. Mary's Chinese Girls Drum Corps, the Woodland, California, High School Band, the St. Francis High School Lancers Band from Sunnyvale, California, the 100-piece Overfelt High School Band from San Jose, California, and Oakland's 250-piece Weldonian band.

Traditional highlight of the noisy, glittering procession is the appearance of the 125-foot long benevolent Golden Dragon, a multicolored, serpentine beast that according to Chinese legend, dispels all evil spirits.

This year's extended Chinese New Year Parade route will begin at First and Market Streets and then course through the length of Chinatown's famed Grant Avenue.
